

GATE program students demonstrating the use of catapults in their gifted inclusion science class, co-taught by science and GATE lead teachers.

Mission: Our commitment to our learning community is to inspire lifelong learners.

Vision: We are a learning community where highly qualified staff, motivated students, devoted families, and committed business partners work together to create a positive school culture meeting the needs of the 21st century student.

John Stockton Elementary

**A STEM Magnet
with a Gifted and
Academically
Talented Program**

Commitment to Our Students

- Before and after school extended day program with enrichment programs
- All teachers are Highly Qualified
- All GATE teachers are either Gifted endorsed or enrolled in the Gifted endorsement program
- Fulltime GATE lead teacher
- Fulltime military family counselor
- Multiple time awardee of grant funding to enhance classroom experience
- Lego League student team
- Bricks 4 Kidz program

Lego League competition team practice with coaches, and 3rd grade teachers, Mrs. Patel (right) and Mrs. Williams (left). Also pictured is Mark McCombs (center), a special guest from Renaissance Jax.

The annual Fall Festival is a true community event where families of past, present, and future Stockton students partake in fun games and activities. The event is led by the PTA but support from teachers and our community partners also make the day a success.

Parent & Student Comments

"The teachers are what make Stockton special! I don't know what I'd do without them."

-Juliana Leach, 5th Grade

"Stockton is a great school.with devoted teachers who challenge and support the students as they strive to reach their potential."

Katie Dearing, Parent and SAC Co-Chair

Parent & Community Engagement

One key factor that makes Stockton great is our community!

The Parent Teacher Association (PTA) is a group that not only works with teachers in classrooms, but supports the school with many activities and events throughout the year. Friends of Stockton (FOS) started as a "dads on campus" group but has now transformed into a support function of the school helping raise funds for school needs. In addition to these groups, community and faith-based partnerships contribute to our students' success.
