Dear Parents and Guardians,

My name is Grace Wilhelm and I am excited to be your child's counselor at Mamie Agnes Jones. Although this is my fifth year here, I have been a counselor for many years. Some of my past experiences include being a classroom teacher and working as a mental health therapist in private practice.

As the counselor for your child, many services are available such as counseling for academic, career, personal and social needs. I will meet with your child in the classrooms and in small groups. Individual counseling is also available. We will discuss a variety of topics such as character building, leadership, stress management, conflict resolution, abuse prevention, college and so much more.

If your family has any needs or if your child is experiencing any difficulty or concern, please feel free to contact me in the counseling office. We also have connections with many community resources. You may contact me by phone at 904.266.1214, Option 4, or by a written note or email. My email address is

wilhelmg@duvalschools.org.

I look forward to this new school year and working with you and your child!

Grace Wilhelm, MA
School Counselor
