

TEACHERS *of* TOMORROW

At John Stockton, our 4th graders can play a significant role in supporting the Dolphin Family by serving as a Teacher of Tomorrow, or a ToT. Our aim is to provide opportunities for these students to show responsibility, compassion, and self-motivation while assisting teachers with organization and preparation of materials and supplies used to maintain daily activities.

Selected students help teachers before school by organizing bookshelves, sharpening pencils, preparing the classroom for centers, and completing other daily tasks.
