Each year, an academic goal for our school is to facilitate the growth of our students in all content areas. We attempt to accomplish this through administering Baseline exams to determine where students are in their understanding of the content. Baseline exams for students enrolled in the Hybrid format will take place in school. If your student attends school within the building, you do not need to do anything further regarding the exam.

If your student attends school through Duval HomeRoom full time, students have two options to sit for the exams. First, students may take the exam online through TEAMS with their teacher, provided that the student has a camera on their laptop/computer and they agree to be viewed. With this option the teacher will inform the student of the day and time they will complete the exam during class. Second, students who are not able to turn their camera on their laptop/computer may travel to the school to sit for the exams in the school auditorium. We will administer Baseline exams on Wednesday, September 16th and Wednesday, September 23rd from 8:30 AM to 2 PM. Students who choose to take exams on either of these days must wear a face mask and complete a temperature check. Students who choose this option will be able to take all their Baseline exams during one session. Each Baseline may take 20-30 minutes and after completed, the student may return to their vehicle and leave the campus. Teachers have reached out to students to determine their preference. Please make sure your student has responded to the teacher indicating which option your family has chosen.
