

Coronavirus:

Information for Duval County Public Schools Families

No cases of coronavirus have been identified in Florida and currently the risk of infection is very low for the general public.

While risk is low, Duval County Public Schools is in close communication with the Florida Department of Health to keep the public aware of the most current recommendations from the Florida Department of Health and the Centers for Disease Control and Prevention (CDC).

Help prevent the spread of respiratory viruses such as Coronavirus

- Stay home when you are sick
- Cover your cough or sneeze with a tissue, then discard in trash
- Avoid close contact with people who are sick
- Avoid touching your eyes, nose, and mouth with unwashed hands
- Wash your hands often with soap and water for at least 20 seconds.
- Use an alcohol-based hand sanitizer that contains at least 60% alcohol if soap and water is not available
- Clean and disinfect frequently touched objects and surfaces

If you have any questions or concerns, please contact your health care provider or the Duval County Health Department Epidemiology Program at 904-253-1850.
