

Welcome to Fletcher High School Model United Nations Club

Here at this club we discuss current events, global politics, and past foreign policies. We have recently introduced the Great Decisions program into our club. This is sponsored through The World Affairs Council and University of North Florida. This program allows for student interaction and discussions with speakers such as former Ambassadors, Generals, and writers.

Meetings: Every Tuesday at 2:15 in D14

For more information please contact Mrs. Daniels at danielss2@duvalschools.org or

The Model United Nations at Fletcher High School's Mission is:

- 1) To expand awareness of global issues, knowledge of international affairs, and an understanding of diverse cultures.
- 2) To provide the opportunity to put the principles, ideals, and values of the Model United Nations Club into practice by providing opportunities for members to actively research and combat the issues in which the global community is affected, and to encourage these individuals to develop a passion and lifelong commitment to ending these issues.
- 3) To make information about college majors and programs in international relations at the collegiate level accessible to the student, as well as provide assistance to the individuals enrolling in programs centered around international relations.
- 4.) To make information about occupations in the broad field of internationalism accessible to students.
- 5.) To teach, as well as facilitate, the practice of research, writing, and speaking skills.
