Rule 6A-1.094121, F.A.C. was approved by the State Board of Education. This rule establishes a minimum of five hours of required instruction related to mental and emotional health education for students in grades 6-12 and institutes procedures for school districts to document planning and delivery of instruction. The rule goes into effect for the upcoming school year. The instructional content will be different for each grade level. We will deliver this content on ER days through a Mental Emotional Health Block.
