Riding Safely

This school year brings unprecedented challenges to our schools, and the way we travel to them. Several new procedures have been put in place for the benefit of all riders.

All students must wear a face covering when traveling on the bus.

Hand sanitizer will be at the entrance to the bus and students may take the opportunity to use some as they enter the bus.

While kindergarten students will be seated up front, all other students should enter the bus and proceed toward the back so buses can be loaded from the back to the front. When the bus arrives at school, students will be dismissed beginning at the front of the bus.

Students should pay extra attention to their driver and any instructions given to them to ensure a safe riding experience.

NEW THIS YEAR— REGISTER FOR A BUS STOP
