Mayport Coastal Sciences
Middle School
6th Grade Math Course Syllabus

6th Grade Textbook: into Math
Modules Covered: Integers, Rational Numbers, Fraction Division, Rates and Ratios, Multi-Digit Decimal Operations, Numerical and Algebraic Expressions, Percent, Equations and Inequalities, Relationships between Variables, Polygons on a Coordinate Plane, Area of Quadrilaterals and Triangles, Surface Area and Volume, Data Collection and Analysis

Math research is designed to provide students differentiated support using computer programs, individualized workbooks, manipulatives, games, group projects, and skill set practice so that students can build foundational concepts and apply mathematical strategies successfully to real world word problems.

Parents and Students, please review this syllabus, sign and return the bottom portion by August 16th.
Grades will be determined based on tests, quizzes, class work, online assignments and home learning.

Letter grades follow the Duval County Public schools grading scale:

A: 100 - 90
B: 89 - 80
C: 79 - 70
D: 69 - 60
F: 59 - 0

Grades are posted in Focus

Math Assignments are weighted accordingly:
50% Summatives:
• Tests and Projects
20% Classwork:
• Daily Assignments
• Online Assignments
20% Class Assessments:
• Exit Tickets
• Quizzes
10% Home Learning
