New Mobile App Gone are the old Apple and Android parent apps, but don't panic... we have a new parent app that can be installed directly from our website. It will look just like our old apps but functions better and will be easy for us to keep updated with future upgrades. TIP: Parents MUST uninstall the old apps first. Below are some steps/tips that parents should follow when adding the new app for this year:

- Android – Open a Chrome browser window, go to [www.schooldismissalmanager.com](http://www.schooldismissalmanager.com), and login. Then click the three stacked dots at the top right corner, scroll down and click on Add to Home Screen, and follow the onscreen instructions to install the app.
- iPhone – Open a Safari browser, go to [www.schooldismissalmanager.com](http://www.schooldismissalmanager.com), and login. Then click on the box with the arrow pointing up, scroll down, and click Add to Home Screen. Type in (or click on if auto-filled) SDM and then tap Add to install the app.

## **WHEN TO START**

We will send you an email with your login credentials.

## **DEFAULT DISMISSAL**

This is what your child does on most days.

## **EXCEPTION**

Using SDM to set exceptions lets us know when your child will do something other than the default dismissal.

## **SAFE**

You are in charge of your child's dismissal.

## **SECURE**

Information is protected by world-class security protocols.

## **PROVEN**

With over 10 years' experience, we are now processing more than 2.5 million exceptions annually.
