All binders and supplies were sent home in student belonging bags, except for large headphones. Headphones are bagged with child's name and in our closet. If your child has items from last year that are still in good usable condition, they can be reused. Usually, we store these reusable items in the closet, but the circumstances of this year did not allow. We do ask that you make sure that binders are functional. Common issues are peeling spine and the rings not lining up (pages fall out). If they aren't in pretty good condition, they won't last the next school year. Please test earbuds before deciding to reuse them. The items listed below will be kept in your child's binder and for their personal use only. We have added some items to the personal list use this year to reduce the items that are shared in our classroom

## Each student needs the following for their personal use:

- **Sturdy binder** (no zippers (trapper keepers), **1 ½ - 2 inch**) please label the spine with child's first name (not larger than 2", big binders pose a shelf space problem)
- **Five tabbed dividers** (Dividers that have a flat surface, not the type that have paper inserts because we pre-print labels for the dividers) Avery 23076 work very well; they are durable to last and the large tabs work well for our class labels. They are available on amazon, six packs for \$12. If there is interest, we can consider ordering some and have them available for \$2, the cost.
- **3 ring pencil pouch**
- Hand held **pencil sharpener** with cover to catch shavings
- **Pair of earbuds** for personal use
- **Scissors**
- Composition book **ONLY** if your regular class does not utilize a planner or other home school connection
