DUVAL COUNTY PUBLIC SCHOOLS

SCHOOL CHOICE REFERENCE GUIDE
2020-2021
Dear Parents,

We truly believe in your child’s ability to achieve. It is the reason we offer so many school choices. In addition to a rigorous curriculum, you can also choose schools that provide unique educational opportunities designed to meet special needs or engage your child’s interests, talents and potential. The right school prepares your child for life after graduation.

With so many choices, you may not know where to begin. We can help you. Here are some things to think about as you start your school search.

**Great Schools in Your Neighborhood:** First, we encourage you to take a close look at your neighborhood school, also called an attendance area school. Every family deserves access to high quality schools close to their home, and we are committed to providing excellent schools in every neighborhood. You can determine your attendance area school by typing in your address at [www.duvalschools.org/finder](http://www.duvalschools.org/finder).

**Magnet or Special Transfer Options:** If you are interested in attending a school other than your attendance area school, we have that too - from magnet schools, to special transfer option schools to exceptional education schools.

This enrollment guide contains information on every Duval County Public school including programs, contact information and more. To help you organize your search, the schools are divided into sections for elementary, middle and high schools; charter schools; alternative schools and exceptional education schools.

**Take a Tour:** Tour the schools that interest you. There is no substitute for walking the halls, meeting the teachers and talking to school leaders. Every school offers tours. Contact your schools of interest to arrange a visit.

**Enroll:** Once you have selected the school or schools that interest you, you can find the right steps to enrollment by visiting this website: [www.duvalschools.org/enroll](http://www.duvalschools.org/enroll).

If you have any questions or need support along the way, the School Choice team is here to help you navigate the process. Reach out to them at (904) 390-2082 or [school_choice@duvalschools.org](mailto:school_choice@duvalschools.org). You can also visit the office at our Parent Resource Center, 4037 Boulevard Center Drive, Suite 100, 32207. We want to do everything possible to ensure your child is in a school where he or she can thrive.

Thank you for being part of Team Duval!

Sincerely,

Diana L. Greene, Ph.D.
Superintendent of Schools

EVERY STUDENT. EVERY DAY.
She loves making A’s.
(Also G sharps & B flats)

Visual and Performing Arts for all grade levels. We have that.
WATEN'S NEW
2020 -2021

VPK Online Applications and the Lottery Process.

Duval County Public Schools VPK program will be taking applications for new students through a lottery system. To be eligible for consideration for the lottery for fall admissions, an online application must be completed between Jan. 1– Feb. 29, 2020. Parents will complete the online application process and select up to three VPK programs, in order of preference, that the student is eligible to attend.

A child is eligible to attend:

• Title 1 - a student whose home school is Title I can only attend a Title I VPK program.
• Non-Title 1 - a student whose home school is Non-Title I can only attend a Non-Title I VPK program.

Please note that school bus transportation is not provided.

For more information about VPK enrollment, contact (904) 390-2877 or dcpsec@duvalschools.org or visit www.duvalschools.org/earlychildhood.

Parent will need to create a student ID and set up a parent/guardian account to access the VPK application. During the creation of your parent/guardian account, you will be given the opportunity to connect your child to your account. If you have more than one child, you can add all of them during this process. You will receive directions in an email on how to complete the connection of your child(ren) to your account. This next step will require the parent/guardian to have a valid driver’s license or valid state issued identification to complete the request.

Once you have registered for a Parent/Guardian Account and connected your children to the account, you will have access to the VPK, magnet and special transfer option applications. It is at this point that you need to start an application for an existing DCPS student or for a student new to DCPS. Please do not use the new student process for a student who already has a DCPS student ID. Remember, students in the following scenarios will already have a DCPS student ID:

• Students attending a DCPS Charter School;
• Students who have been enrolled in a DCPS school during any prior school year even if they are not currently attending a DCPS school;
• Students who have received special services via DCPS at some previous time (including PreK, Charter Schools, Duval Virtual Instruction Academy, Home School, McKay Scholarship, Family Empowerment Scholarship, Child Find and Teen Parent Services.

Changes at Northwestern Middle School

Northwestern will no longer be a middle school. It is being repurposed as an elementary school. Students geographically zoned for Northwestern will now attend Lake Shore Middle School or Matthew Gilbert Middle School based on residential address.

To find out which one your student attends, go to our school locator map at www.duvalschools.org/finder.
Processing of applications for students living outside of Duval County

Applications for students **NOT** living in Duval County will NOT be processed during the on-time magnet/special transfer option lottery.

For students living outside of Duval County, applications will be paper based. Paper applications for out of county students will be available on the School Choice website.

These applications do not receive a priority. They are processed based on the date and time the application is submitted and only if the **school has an available seat**. For more information, contact the School Choice Office.

Fax: (904) 390-2070
Email: school_choice@duvalschools.org
Below are the main steps to starting your amazing journey in the Duval County public school selection process.

**STEP ONE  CHOOSE A SCHOOL/PROGRAM**

Rather than focusing on a particular school to attend, concentrate on selecting the type of program that interests your child. Families should talk about the student’s interests and future goals, trying to match them to the programs offered at individual schools. Read through the programs offered by each school. Elementary schools start on Page 22, middle schools on Page 59, and high schools on Page 70. Remember, you may find that your neighborhood school is the best choice for your child. To find your neighborhood school, go to www.duvalschools.org/finder.

If you are interested in magnet programs, the chart on the Pages 10-11 shows how a child can follow through in the same magnet theme, and move from elementary to middle to high school.

**STEP TWO  LEARN THE DETAILS**

There are specifics you will need to know about different programs, such as the lottery process, priority for admission, transportation, and other topics. Turn to Page 12 for information about these topics, as well as events you can attend to get more details.

**STEP THREE  APPLY TO THE SCHOOL/PROGRAM**

If you select a school other than your attendance area school, you will need to submit an online magnet or special transfer option school application to attend. Also, if you want your child to have magnet status at his/her attendance area school, you will need to submit an online application. Only online applications will be accepted this year. Applications are available via the Parent/Guardian Account. Refer to Page 83 for additional information.

To enroll at your neighborhood school, go to the school to register. You will need to bring several important documents with you. Learn more about what you need to bring at www.duvalschools.org/register.

Remember: The application deadline for the 2020-2021 school year is February 29, 2020.

**STEP FOUR  COMPLETE YOUR JOURNEY**

After learning about all of the programs and submitting the online application, parents will receive notification concerning the outcome of the lottery. This section, starting on Page 87, will tell you everything you need to know, including steps for enrollment into your magnet or special transfer option school.

Have questions? Visit our website at www.duvalschools.org/schoolchoice or contact us at 904-390-2082 or school_choice@duvalschools.org.
This section of the School Choice Reference Guide defines magnet programs and special transfer option schools. After determining your child’s interests and goals, try to match them with the programs that are offered. Remember, after reviewing all of the programs offered, you may find that your neighborhood school is the best fit for your child.

WHAT ARE MAGNET PROGRAMS?

Magnet programs offer a theme or focus designed to give children an opportunity to explore a special interest, gift, talent or skill. A magnet school may feature one or more magnet programs.

Magnet programs were started during the 1991-1992 school year as a voluntary desegregation plan. Today, Duval County’s magnet programs promote diversity and offer wonder and enriching learning opportunities.

Participating in the magnet program does not mean giving up traditional education, it enhances the education experience. Every student receives instruction in the subject areas that are required for promotion and/or graduation.

In general, students may apply to any magnet program. For transportation eligibility, students in the elementary grades apply to a program within their geographic zone (see Page 21).

Middle and high school students may apply to any magnet program as long as they meet any eligibility requirements outlined in the Magnet Theme Stream on the following page. Transportation for middle school and high school students is provided under specific guidelines. Refer to Page 59 for the middle school guidelines and Page 70 for high school guidelines.

PROGRAM CONTINUITY & TIERED CONTINUITY: WHY IS IT IMPORTANT?

Program continuity means following the same magnet program from one level to the next. For example, a student enrolled in a technology magnet program during elementary school may want to continue learning about technology in middle and high school. Program continuity allows the student to do just that. The student seeking program continuity must re-apply as he or she moves from elementary to middle school and from middle school to high school. Students seeking program continuity receive a priority for admission, but it does not guarantee acceptance.

Elementary magnet students sometimes want to switch themes. Students who want to switch themes as they enter middle school will receive a priority in the lottery. It’s called “tiered continuity.” While it’s not as high a priority as a student receives when staying in the same theme, it does reward participation in an elementary magnet program. Tiered continuity is also given to Montessori middle school students who apply to Paxon School for Advanced Studies, Stanton College Prep, Darnell-Cookman School of the Medical Arts and Samuel Wolfson High School for ninth grade.

Many magnet programs are designed to allow students to start a particular theme in elementary school and “stream” through middle and high school, if desired. Other programs start in middle school and continue at the high school level. This ability to move from one school level to the next is called “program continuity.” The chart on the next two pages shows which schools and programs are part of a complete theme-stream and which are not.

WHAT IS A SPECIAL TRANSFER OPTION SCHOOL?

A special transfer option school is different from a magnet school. Special transfer option schools are neighborhood schools that have programs that were created in response to community or school interest in a special program and provide more choices to students.

It is important to note that attending a special transfer option school does not mean giving up the traditional education all students receive. The programs offered at these schools simply enhance and add to the education experience. Every student receives instruction in the subjects that are required for promotion and/or graduation.

Please note, that district transportation is not provided to a special transfer option school. Transportation is the responsibility of the parent/guardian.
STEP TWO

LEARN THE DETAILS

Before applying to a school, there are many topics you’ll need to know about. We’ll cover them now in sections specifically designed for magnet schools/programs and Special Transfer Option schools.

- Children entering kindergarten must be five years old as of September 1, 2020
- Children entering 1st grade must be six years old as of September 1, 2020 and have successfully completed kindergarten

IMPORTANT DATES TO REMEMBER

ONLINE APPLICATION ARE AVAILABLE
Wednesday, January 1, 2020
Applications are available in Focus Parent/Guardian Account. School Choice Reference Guides are available at the Parent Resource Center, 4037 Boulevard Center Drive, the School Choice Expo and online.

SCHOOL CHOICE EXPO
This is an annual showcase of all Duval County Public Schools. You’ll have the chance to speak with school representatives as well as district personnel to get first-hand information about their programs. There is no admission cost to the event and parking is free.

Saturday, January 11, 2020
Prime Osborn Convention Center
1000 Water Street
Jacksonville, FL 32204
11 a.m. - 3 p.m.

PARENT INFORMATION SESSIONS

4019 Boulevard Center Drive
Jacksonville, FL 32207
7:30 a.m. - 4:30 p.m.

ONLINE APPLICATION DEADLINE
Saturday, February 29, 2020
Applications must be entered before midnight on February 29. Online access will close at 11:59 p.m. on February 29.

FIRST DAY OF SCHOOL
Monday, August 10, 2020
At most schools, there are not enough seats to accommodate every student who applies. For this reason, each selection that you make on the application is assigned a certain “priority” ranking which is considered in the lottery. Those priorities for both magnet and special transfer option schools are described in this section.

**PRIORITIES FOR MAGNET SCHOOLS**

**ENTERING GRADES K, 1, 2, 3, 4 & 5**

All magnet applications for elementary schools are processed through the lottery. Seats are allocated according to choice and priority. This means that all first choices are considered first, according to the priorities, followed by all second choices until the seats are filled.

**Priority 1 - Neighborhood Preference** for students who live in the current attendance area of a non-dedicated magnet school.

**Priority 2 - Former Attendance Area Preference** for students who live in the former attendance area of a dedicated magnet.

**Priority 3 - Military Dependent Transition Preference** for a transitioning student who has a parent on active duty. (Students meet eligibility requirements when applicable, follow application procedures, reside in Duval County and in the household of the military affiliated parent, and submit active duty orders and emergency data record.) Please refer to School Board Policy 5.23 for complete details.

**Priority 4 - Sibling Preference** for a student who has a sibling residing at the same address who attends a magnet program at the same school and is eligible to return next year. Siblings applying for the first time are not eligible to receive sibling preference. Siblings are defined as brother, sister, step-brother, step-sister, half-brother, half-sister living at the same address.

**Priority 5 - Socio-Economic Preference** for elementary students whose:
- Neighborhood school is a Title 1 School and who apply to attend a magnet program in a non-Title 1 School.
- Neighborhood school is a non-Title 1 School and who apply to attend a magnet program in a Title 1 School.

**Priority 6 - Principal's Signature Preference** for students whose parents attend a tour or open house at the magnet school they are applying for and have the principal’s signature indicating attendance. Schools will enter tour/open house attendance electronically through the Parent/Guardian Account.

**Priority 7 - No Principal's Signature Preference** for students who submit an application but have no signature indicating attendance at a tour or open house.

**Priority 8 - Not Eligible for the Program** (e.g., Montessori 1st grade and higher without an immediate full prior year of Montessori experience; Dual Language 2nd grade and higher without passing grade on language proficiency test; applying for a Gifted program and the student has not been staffed Gifted, etc.).
ENTERING GRADE 6
Current 5th grade magnet students must re-apply!

All magnet applications for middle school are processed through the lottery, including those who have program continuity. Seats are allocated according to choice and priority. This means that all first choices are considered first, according to the priorities, followed by all second choices until the seats are filled.

**Priority 1 - Neighborhood Preference** for students who live in the current attendance area of a non-dedicated magnet school.

**Priority 2 - Former Attendance Area Preference** for students who live in the former attendance area of a dedicated magnet.

**Priority 3 - Military Dependent Transition Preference** for a transitioning student who has a parent on active duty. (Students meet eligibility requirements when applicable, follow application procedures, reside in Duval County and in the household of the military affiliated parent, and submit active duty orders and emergency data record.) Please refer to School Board Policy 5.23 for complete details.

**Priority 4 - Program Continuity with Sibling Preference** for magnet students who are in a program that continues at the next school level and who also have a sibling attending the school who is eligible to return the next school year. Siblings are defined as brother, sister, step-brother, step-sister, half-brother, half-sister living at the same address.

**Priority 5 - Program Continuity Preference** for magnet students who are attending a program that continues at the next school level.

**Priority 6 - Sibling Preference** for a student who has a sibling residing at the same address who attends a magnet program at the same school and is eligible to return next year. Siblings applying for the first time are not eligible to receive sibling preference. Siblings are defined as brother, sister, step-brother, step-sister, half-brother, half-sister living at the same address.

**Priority 7 - Tiered Continuity Preference** for magnet students who want to switch themes when entering middle school.

**Priority 8 - Principal’s Signature Preference** for students whose parents attend a tour or open house at the magnet school they are applying for and have the principal’s signature indicating attendance. Schools will enter tour/open house attendance electronically through the Parent/Guardian Account.

**Priority 9 - No Principal’s Signature Preference** for students who submit an application but have no signature indicating attendance at a tour or open house.

**Not Eligible for the Program** (e.g., Montessori 1st grade and higher without an immediate full prior year of Montessori experience; Dual Language 2nd grade and higher without passing grade on language proficiency test; applying for a Gifted program and the student has not been staffed Gifted, etc.).
All magnet applications for LaVilla and Fort Caroline are processed through the lottery, including those who successfully audition. Seats are allocated according to choice and priority. This means that all first choices are considered first according to the priorities, followed by all second choices until the seats are filled.

**Priority 2 - Former Attendance Area Preference** for students who live in the former attendance area of Fort Caroline MS. This preference is only used if applying to Fort Caroline MS.

**Priority 3 - Military Dependent Transition Preference** for a transitioning student who has a parent on active duty. (Students meet eligibility requirements when applicable, follow application procedures, reside in Duval County and in the household of the military affiliated parent, and submit active duty orders and emergency data record.) Please refer to School Board Policy 5.23 for complete details.

**Priority 4 - Program Continuity Preference** for magnet students who are in a program that continues at the next school level.

**Priority 5 - Neighborhood Student Audition Preference** for non-magnet neighborhood students who are attending an elementary arts magnet school and wish to continue to LaVilla or Fort Caroline MS. Students MUST pass the audition to receive this preference.

**Priority 6 - Sibling Preference** for a student who has a sibling residing at the same address who attends a magnet program at the same school and is eligible to return next year. Siblings applying for the first time are not eligible to receive sibling preference. Siblings are defined as brother, sister, step-brother, step-sister, half-brother, half-sister living at the same address.

-OR-

**High Audition Preference** for students seeking advanced placement in 6th grade at LaVilla or Fort Caroline MS. Students who audition must still submit an online application.

**Priority 7 - Low Audition Preference** for students seeking advanced placement in 6th grade at LaVilla or Fort Caroline MS. Students who audition must still submit an online application.

**Priority 8 - Principal’s Signature Preference** for students whose parent attends a tour or open house at the magnet school they are applying for and have the principal’s signature indicating attendance. Schools will enter tour/open house attendance electronically through the Parent/Guardian Account.

**Priority 9 - No Principal’s Signature Preference** for students who submit an application but have no signature indicating attendance at a tour or open house.
All magnet applications for middle school are processed through the lottery. Seats are allocated according to choice and priority. This means that all first choices are considered first, according to the priorities, followed by all second choices until the seats are filled.

**Priority 1 - Neighborhood Preference** for students who live in the current attendance area of a non-dedicated magnet school.

**Priority 2 - Former Attendance Area Preference** for students who live in the former attendance area of a dedicated magnet.

**Priority 3 - Military Dependent Transition Preference** for a transitioning student who has a parent on active duty. (Students meet eligibility requirements when applicable, follow application procedures, reside in Duval County and in the household of the military affiliated parent, and submit active duty orders and emergency data record.) Please refer to School Board Policy 5.23 for complete details.

**Priority 6 - Sibling Preference** for a student who has a sibling residing at the same address who attends a magnet program at the same school and is eligible to return next year. Siblings applying for the first time are not eligible to receive sibling preference. Siblings are defined as brother, sister, step-brother, step-sister, half-brother, half-sister living at the same address.

**Priority 7 - Principal’s Signature Preference** for students whose parent attends a tour or open house at the magnet school they are applying for and have the principal’s signature indicating attendance. Schools will enter tour/open house attendance electronically through the Parent/Guardian Account.

**Priority 8 - No Principal’s Signature Preference** for students who submit an application but have no signature indicating attendance at a tour or open house.

**Priority 9 - Not Eligible for the Program** (e.g., Montessori 1st grade and higher without an immediate full prior year of Montessori experience; Dual Language 2nd grade and higher without passing grade on language proficiency test; applying for a Gifted program and the student has not been staffed Gifted, etc.).

---

**ENTERING GRADES 7 & 8 AT LA VILLA OR FORT CAROLINE MS**

Admission to 7th or 8th grade is limited to passing the Audition with a High Preference

All magnet applications for LaVilla and Fort Caroline are processed through the lottery, including those who successfully audition. Seats are allocated according to choice and priority. This means that all first choices are considered first according to the priorities, followed by all second choices until the seats are filled.

**Priority 6 - High Audition Preference** for students seeking advanced placement in 7th or 8th grade at LaVilla or Fort Caroline MS. Students who audition must still submit an online application.

**Priority 7 - Low Audition Preference** for students seeking advanced placement in 7th or 8th grade at LaVilla or Fort Caroline MS. Students who audition must still submit an online application.
**ENTERING GRADE 9**

*Current 8th grade magnet students must re-apply!*

All magnet applications for high school are processed through the lottery, including those who have program continuity. Seats are allocated according to choice and priority. This means that all first choices are considered first, according to the priorities, followed by all second choices until the seats are filled.

**Priority 1 - Neighborhood Preference** for students who live in the current attendance area of a non-dedicated magnet school.

**Priority 2 - Former Attendance Area Preference** for students who live in the former attendance area of a dedicated magnet.

**Priority 3 - Military Dependent Transition Preference** for a transitioning student who has a parent on active duty. (Students meet eligibility requirements when applicable, follow application procedures, reside in Duval County and in the household of the military affiliated parent, and submit active duty orders and emergency data record.) Please refer to School Board Policy 5.23 for complete details.

**Priority 4 - Program Continuity with Sibling Preference** for magnet students who are in a program that continues at the next school level and who also have a sibling attending the school who is eligible to return the next school year. Siblings are defined as brother, sister, step-brother, step-sister, half-brother, half-sister living at the same address.

**Priority 5 - Program Continuity Preference** for magnet students who are in a program that continues at the next school level. Students eligible for program continuity to Paxon or Stanton must make these two schools their first and second choice in order to be assured continuity to one of the two schools. If you choose to make only one choice, continuity cannot be assured. Students who are eligible for program continuity to Paxon or Stanton, but who want to select the 9th grade program at Darnell-Cookman or Samuel Wolfson should make Darnell-Cookman or Samuel Wolfson their first choice with the understanding that assured continuity to Paxon or Stanton is forfeited.

**Priority 6 - Sibling Preference** for a student who has a sibling residing at the same address who attends a magnet program at the same school and is eligible to return next year. Siblings applying for the first time are not eligible to receive sibling preference. Siblings are defined as brother, sister, step-brother, step-sister, half-brother, half-sister living at the same address.

-OR-

**Tiered Continuity Preference** for 8th grade Montessori magnet students applying for 9th grade at Stanton College Preparatory, Paxon School for Advanced Studies, Darnell-Cookman School of the Medical Arts, and Samuel Wolfson High School.

**Priority 7 - Principal’s Signature Preference** for students whose parent attends a tour or open house at the magnet school they are applying for and have the principal’s signature indicating attendance. Schools will enter tour/open house attendance electronically through the Parent/Guardian Account.

**Priority 8 - No Principal’s Signature Preference** for students who submit an application but have no signature indicating attendance at a tour or open house.

**Priority 9 - Not Eligible for the Program** (e.g., Montessori 1st grade and higher without an immediate full prior year of Montessori experience; Dual Language 2nd grade and higher without passing grade on language proficiency test; applying for a Gifted program and the student has not been staffed Gifted, etc.).
All magnet applications for high school are processed through the lottery. Seats are allocated according to choice and priority. This means that all first choices are considered first, according to the priorities, followed by all second choices until the seats are filled.

**Priority 1 - Neighborhood Preference** for students who live in the current attendance area of a non-dedicated magnet school.

**Priority 2 - Former Attendance Area Preference** for students who live in the former attendance area of a dedicated magnet.

**Priority 3 - Military Dependent Transition Preference** for a transitioning student who has a parent on active duty. (Students meet eligibility requirements when applicable, follow application procedures, reside in Duval County and in the household of the military affiliated parent, and submit active duty orders and emergency data record.) Please refer to School Board Policy 5.23 for complete details.

**Priority 6 - Sibling Preference** for a student who has a sibling residing at the same address who attends a magnet program at the same school and is eligible to return next year. Siblings applying for the first time are not eligible to receive sibling preference. Siblings are defined as brother, sister, step-brother, step-sister, half-brother, half-sister living at the same address.

**Priority 7 - Principal’s Signature Preference** for students whose parent attends a tour or open house at the magnet school they are applying for and have the principal’s signature indicating attendance. Schools will enter tour/open house attendance electronically through the Parent/Guardian Account.

**Priority 8 - No Principal’s Signature Preference** for students who submit an application but have no signature indicating attendance at a tour or open house.

**Priority 9 - Not Eligible for the Program** (i.e., does not have appropriate coursework or transcript).
Enter grades 10, 11 & 12

Current 5th and 8th Grade special transfer option students must re-apply.

All Special Transfer Option applications are processed through the lottery. Seats are allocated according to availability and priority. Applications are processed based on priority until all open seats are filled.

**Priority 2 - Employee’s Child Preference** for students whose parent is employed in an eligible position at a Duval County Public School where the student is eligible to attend or attend the next closest appropriate DCPS school.

**Priority 3 - Military Dependent Transition Preference** for a transitioning student who has a parent on active duty. (Students meet eligibility requirements when applicable, follow application procedures, reside in Duval County and in the household of the military affiliated parent, and submit active duty orders and emergency data record.) Please refer to School Board Policy 5.23 for complete details.

**Priority 4 - Sibling Preference** for a student who has a sibling residing at the same address who attends the same school and is eligible to return next year. Siblings applying for the first time are not eligible to receive sibling preference. Siblings are defined as brother, sister, step-brother, step-sister, half-brother, half-sister living at the same address.

**Priority 5 - General Priority** for students whose parent submits an application without any of the above priorities.

### Know Your School’s Academic Performance Standards - Middle School Magnets

Acceptance into most middle school magnet programs is not based on academic performance or other competitive criteria.

However, four magnet middle schools (Darnell-Cookman School of the Medical Arts, James Weldon Johnson, Kirby-Smith and LaVilla School of the Arts) have academic performance standards which must be met for a student to remain the following year. Other schools may have a school-student contract that must be honored for students to remain in good standing. Each magnet school is responsible for making this information available to the parents of students who attend that school. These standards are:

- **Grades 6-7** - Pass all courses
- **Grades 7-8** - Maintain an overall unweighted 2.0 grade point average, and pass all courses

In addition, students at LaVilla must earn a “C" or higher in each arts area.

### These Schools Have Special Admission Procedures

LaVilla School of the Arts and Fort Caroline Middle School students with advanced training in the arts may be considered for admission to LaVilla and Fort Caroline MS through an audition. LaVilla and Fort Caroline will hold open auditions in January. Please contact the schools for specific dates and times. All students who audition MUST also submit an online application through the Parent/Guardian Account by the February 29 deadline in order to be considered for admission. All applicants for LaVilla and Fort Caroline MS, including successful auditions, are processed through the lottery.
KNOW YOUR SCHOOL’S ACADEMIC PERFORMANCE STANDARDS - HIGH SCHOOL MAGNETS

Acceptance into a high school magnet program is not based on academic performance or other competitive criteria, except for Stanton College Preparatory, Paxon School for Advanced Studies, Darnell-Cookman School of the Medical Arts, and Robert E. Lee.

Five magnet high schools (Darnell-Cookman School of the Medical Arts, Frank H. Peterson Academies of Technology, Paxon School for Advanced Studies, A. Philip Randolph Career Academies and Stanton College Preparatory) have academic performance standards which must be met in order for a student to remain the following year. Other schools may have a school-student contract that must be honored for students to remain in good standing. Each magnet school is responsible for making this information available to the parents of students who attend that school. These standards are:

Grades 9-10 - Maintain an overall unweighted 2.0 grade point average, and pass all courses
Grades 10-11 - Maintain an overall unweighted 2.0 grade point average, and pass all courses

THESE SCHOOLS HAVE SPECIAL ADMISSION PROCEDURES

A few schools and programs have admission procedures that vary somewhat from the overall magnet program procedures.

International Baccalaureate (IB) Programs: Paxon School for Advanced Studies, Samuel Wolfson High School, Stanton College Preparatory, and Terry Parker High School have IB programs. Admission to these programs is determined by the High School Acceleration Programs Office. Deadlines and application procedures can be found at www.duvalschools.org/acceleration.

Early College Program: Baldwin High School, Englewood High School, First Coast High School, Andrew Jackson High School, Robert E. Lee High School, Jean Ribault High School, Sandalwood High School, Westside High School and Edward H. White High School have Early College programs. Admission to these programs is determined by the High School Acceleration Programs Office. Deadlines and application procedures can be found at www.duvalschools.org/acceleration.

Advanced Placement (AP) Capstone: Baldwin Middle/High, Atlantic Coast High School, and First Coast High School have AP Capstone programs. Admission to these programs is determined by the High School Acceleration Programs Office. Deadlines and application procedures can be found at www.duvalschools.org/acceleration.

Douglas Anderson School of the Arts: Consideration for admission to Douglas Anderson is obtained only through an audition. You cannot apply for this program through the online application on the Parent/Guardian Account. Auditions are scheduled at the school. Please see the school’s website for additional information.

Cambridge Secondary 2 / AICE Program: Duncan Fletcher High School, Mandarin High School, Westside High School, and William M. Raines High School have AICE programs. Admission to these programs is determined by the High School Acceleration Programs Office. Deadlines and application procedures can be found at www.duvalschools.org/acceleration.
This chapter lists all schools in three sections: elementary, middle and high schools. Each school listing includes contact information, website address, available programs and transportation availability.

Things to consider when selecting a school for your child:
• Programs offered.
• Transportation provided and distance to school.

Reminders:
• Your neighborhood school provides transportation if you live more than 1½ miles from the school. Find your neighborhood schools by going to www.duvalschools.org/finder.
• Transportation is provided for magnet elementary students who live within the transportation zone of the school.
• Transportation to special transfer option schools is provided by the parent or guardian.

ELEMENTARY MAGNET TRANSPORTATION

Elementary schools are divided into seven transportation zones. Transportation is provided to any elementary student living in the same zone that their magnet school is located. In addition, some elementary magnet schools provide transportation to students living outside their zones. You will see these schools listed with the elementary zone maps on the following pages. The distance to a bus stop can be up to one mile from the residence, or up to one and one-half (1½) miles if the neighborhood school is used as a bus stop. Some elementary magnet students will transfer at a hub site (another school) and ride another bus to their magnet school. The afternoon services may be the reverse.

One thing to keep in mind is that traveling a long distance to school is a balance of pluses and minuses. Students will have the advantages of attending a specialized program of their choice and of making new friends from all over the city. Of course, the length of the commute should be considered as well.

Bus stop and times are subject to change for the 2020-2021 school year. To be eligible for transportation, students must apply to a magnet school by the February 29, 2020 application deadline. Once accepted, families may view current bus routes at www.duvalschools.org/bus. A Magnet Bus Stop Form can be submitted to the Transportation Department. Stops will be added according to guidelines, and submission of a form does not guarantee a stop will be added. For more information regarding transportation, contact the Transportation Department at (904) 858-6200. To download a Magnet Bus Stop Form, visit www.duvalschools.org/schoolchoice in the form section.

Program continuity for magnet students to Kirby-Smith MS

Geographic feeder to Matthew Gilbert MS
Middle Schools are divided into two major transportation zones:

<table>
<thead>
<tr>
<th>Zone A:</th>
<th>Zone B:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Arlington, Fletcher, Gilbert, Kernan, Landmark, Mayport, Ribault, Southside, and Twin Lakes</td>
<td>Baldwin, Jeff Davis, duPont, Highlands, Lake Shore, Mandarin, Oceanway, J.E.B. Stuart, and Westview</td>
</tr>
</tbody>
</table>

Transportation is provided to middle school magnet students on Express Routes* as follows to:

- Fort Caroline from Zone A and Zone B
- Highlands from Zone A and Zone B
- Matthew Gilbert from Zones A and Zone B

John E. Ford K-8 - Middle school students are transported according to the elementary zones for this school.

Baldwin Middle/High currently has limited transportation. A shuttle bus is provided to and from Baldwin Middle/High from Lee High only. Parents are responsible for getting their students to and from Lee High.

Alfred duPont Middle currently has limited transportation from the Mandarin Middle, Twin Lakes Middle, Southside Middle and Matthew Gilbert Middle attendance areas only.

Southside has limited transportation from Gilbert attendance area only.

Ribault has limited transportation from Arlington, Fletcher, Kernan, Landmark, Twin Lakes attendance areas only.

The Coastal Transportation Plan provides limited service to Mayport Middle School via shuttle buses from Fletcher High, Sandalwood High, and Terry Parker High. Parents are responsible for getting their students to and from Fletcher, Sandalwood, and Terry Parker.

MIDDLE SCHOOLS
There are some differences in the transportation system that apply to specific schools:

In the morning, transportation is currently provided to students attending Darnell-Cookman, Kirby-Smith, Landon, LaVilla, James W. Johnson, Joseph Stilwell, Young Men’s Leadership Academy and Young Women’s Leadership Academy on neighborhood buses to the neighborhood high school followed by shuttle service to the magnet school. Express Route* service is provided in the afternoon.

Bus stops and times are subject to change for the 2020-2021 school year. To be eligible for transportation, students must apply to a magnet school by the February 29, 2020 application deadline. Once accepted, families may view current bus routes at www.duvalschools.org. A Magnet Bus Stop Form can be submitted to the Transportation Department. Stops will be added according to guidelines, and submission of a form does not guarantee a stop will be added. For more information regarding transportation, contact the Transportation Department at (904) 858-6200. To download a Magnet Bus Stop Form, visit www.duvalschools.org/schoolchoice in the forms section.

*Express Routes have limited bus stops and are located at or near a Duval County public school or other public location selected by the Transportation Department. The District distance-to-stop policy does not apply to Express Routes. Parents or guardians are responsible for transporting and supervising their children at the bus stop.

Program continuity is also available to Samuel Wolfson HS, Frank H. Peterson Academies of Technology, Jean Ribault HS, Asa P. Randolph Career Academies, William M. Raines HS and Andrew Jackson HS.
HIGH SCHOOL MAGNET TRANSPORTATION

One thing to keep in mind is that traveling a long distance to school is a balance of pluses and minuses. Students will have the advantages of attending a specialized program of their choice and making friends from all over the city. Of course, the length of the commute should be considered as well.

High Schools are not divided into zones. County-wide transportation is provided with a combination of neighborhood routes, shuttles and Express Routes.* There are some differences in the transportation system that apply to specific schools:

In the morning, transportation is currently provided to students attending Douglas Anderson, Darnell-Cookman, Paxon, Frank H. Peterson, Andrew Jackson, Samuel Wolfson, A. Philip Randolph and Stanton on neighborhood buses to an attendance area high school followed by shuttle service to the magnet school. Students living in the Duncan U. Fletcher High School attendance area will shuttle from a hub at Duncan Fletcher Middle School. Express Route service is provided in the afternoon.

Robert E. Lee, Mandarin, Jean Ribault, William Raines and Edward White high schools follow the magnet transportation model both morning and afternoon using Express Routes.

Baldwin Middle/High currently has limited transportation. A shuttle bus is provided to and from Baldwin Middle/High from Lee High School only. Parents are responsible for getting their students to and from Lee High.

Bus stops and times are subject to change for the 2020-2021 school year. To be eligible for transportation, students must apply to a magnet school by the February 29, 2020 application deadline.

Once accepted, families may view current bus routes at www.duvalschools.org. A Magnet Bus Stop Form can be submitted to the Transportation Department. Stops will be added according to guidelines, and submission of a form does not guarantee a stop will be added. For more information regarding transportation, contact the Transportation Department at (904) 858-6200. To download a Magnet Bus Stop Form, visit www.duval-schools.org/schoolchoice in the forms section.

*Express Routes have limited bus stops and are located at or near a Duval County Public School or other public location selected by the Transportation Department. The District distance-to-stop policy does not apply to Express Routes. Parents or guardians are responsible for transporting their children at the bus stop.

### EXCEPTIONAL EDUCATION AND STUDENT SERVICES

Students who are eligible to receive Exceptional Student Education (ESE) services have equal opportunities to apply for participation in magnet or special transfer option programs. The individual student’s IEP team determines the specific educational needs of the student and how/where those needs can most appropriately be met. Based on the educational needs of each student, recommendations for support services may or may not be consistent with placement in a particular magnet or special transfer option program.

Schools Offering Acceleration Programs

- **Advanced International Certificate of Education (AICE):** Fletcher, Westside, Mandarin and Raines high schools
- **Advanced Placement (AP) Capstone:** Atlantic Coast, Baldwin and First Coast high schools
- **Early College High School:** Baldwin, Englewood, First Coast, Jackson, Lee, Ribault, Sandalwood, Edward White and Westside high schools
- **International Baccalaureate (IB) Diploma Programme:** Terry Parker, Paxon, Stanton, and Wolfson high schools

Deadline to apply is January 23, 2020. For more information go to www.duvalschools.org/acceleration.

**HIGH SCHOOL ACCELERATION PROGRAMS: SPECIAL ADMISSION PROCEDURES**

A few magnet and special transfer option programs have admission procedures that differ from the normal process. Students who accept placement in programs with academic entrance requirements, including AICE, AP Capstone, Early College, and IB must apply through the High School Acceleration Programs Office. Except for the IB Diploma Programme at Paxon and Stanton, other High School Acceleration Programs may continue to accept eligible students until the program reaches capacity.

The primary entry point for High School Acceleration Programs is 9th grade. Admission at 10th grade and beyond is limited to students who live in the attendance area; students who move into the attendance area and were in a program at a different school; or new students from another attendance area if the school’s enrollment is below minimum enrollment. Admission at 11th and 12th grade is only granted to students who are new to Duval County and have been in the same program in their prior school district.

**EXCEPTIONS & SPECIAL PROGRAMS**

**HIGH SCHOOL & MIDDLE SCHOOL ARTS MAGNETS: SPECIAL ADMISSION PROCEDURES**

**Douglas Anderson School of the Arts**
Consideration for admission is obtained only through an audition. The magnet programs office does not receive applications for this school. Contact the school for audition dates. Students who successfully audition and accept placement forfeit all other magnet or choice assignments.

**LaVilla School of the Arts (LASOTA) and Fort Caroline Middle School**
Students with advanced training in the arts may be considered for admission to LaVilla and Fort Caroline Middle School through an audition. Contact the schools for audition dates. All students who audition MUST also submit an online magnet application by the February 29 deadline in order to be considered for admission. All applicants for LaVilla and Fort Caroline Middle School, including successful auditions, are processed through the Magnet Lottery.
**APPLY**

Once you understand which schools offer magnet programs and which schools are available for a special transfer option, the next step is to apply to the school/program.

All applications for the 2020-2021 school year will be online and will be available through the Parent/Guardian Account for magnet and special transfer option schools.

Parent/guardian of students currently enrolled in a Duval County Public School must create a Parent/Guardian Account to access the application. Students new to Duval County Public Schools will need a student I.D. and parents will need a Parent/Guardian Account. Please ensure you have a working email address when creating the account. Be sure to enter parent/guardian information, not student information when creating the account. Applications will only be available through the Parent/Guardian Account. To get instructions on how to access the online applications, go to [www.duvalschools.org/schoolchoice](http://www.duvalschools.org/schoolchoice).

In addition, students who are new to Duval County Public Schools must have a local address and provide two acceptable proofs of residence before we can complete the processing of an online application. Go to [www.duval-schools.org/register](http://www.duval-schools.org/register) for a list of acceptable documents.

All students have equal access to the application process. Unfortunately, there are no guarantees. Admission is determined by a lottery that is based on the number of openings and the number of applications received for a school or program.

The lottery assumes the student will be promoted to the next grade level. Students who are retained prior to first-time enrollment to school(s) on application may not be able to be accommodated in the selected school/program.

**WHO NEEDS TO APPLY?**

Students entering a school/program for the first time must apply. In addition, those students seeking program continuity between elementary and middle school magnets or between middle school and high school magnets must apply. Special transfer option students must re-apply for new schools when entering middle or high school. If the student wants to apply for a different program/school than he/she is currently attending, the application process will **cancel** the current assignment. **If the student is not accepted into the new program/school, he or she will not be able to return to the former program/school unless openings remain after the lottery.**

**WHO DOESN’T HAVE TO APPLY?**

If the student is already at a magnet or special transfer option school and wants to remain in that same school the following year, no application is needed.

**SCHOOL SELECTION**

On the application, you will be asked to select either a magnet school/program or a special transfer option school. The new application process allows you to make up to two magnet choices and only one special transfer option choice. You do not need to make all three choices and you don’t have to choose both magnet and special transfer options. We strongly encourage you to list only those schools the child is truly interested in attending. See Page 85 for information about the lottery process. Students sometimes receive their second or third choice in the lottery. Students who decline to accept their second or third choice when offered will only be able to reapply for another program by submitting a late application, and they will not appear on the waiting list for other choices. Since many programs fill up with first choice applicants, using your magnet program continuity priority for a second choice may not help you get into that school.

**PRINCIPAL’S SIGNATURE - MAGNET**

You will note that the magnet school/program section of the online application has space for indicating a signature of the principal of the school(s) you are requesting. By touring a magnet school, your child will receive a priority in the lottery. Your family will also be able to get an invaluable first-hand look at the schools you are interested in. **If you already have program continuity, sibling preference, or tiered continuity, the principal’s signature is not necessary.**

Signature credit is given to any parent who attends an open house or school tour during the recruitment period. Schools are not permitted to give credit for attending off-campus recruitment activities. This priority is not necessary when the student is already eligible for a higher priority such as program continuity, sibling preference or tiered continuity although parents are still encouraged to visit the schools. Schools will electronically enter the tour attendance information in Focus so that you will receive this priority.
PROGRAM CONTINUITY - MAGNET
If you have a program continuity option listed on your online application for 6th grade or 9th grade, you may wish to use it so the student can remain in the same magnet theme at the next school level. Simply indicate your choice(s) on the application. While this does not guarantee admission to any program, it does give the student a priority for admission. Students are not limited to choosing the magnet program for which they have program continuity. Remember that those who have program continuity priority but do not use it for one of their choices will forfeit the program continuity priority for which they are eligible. **You must apply by the deadline of February 29, 2020 for program continuity to be honored.**

SIBLING PREFERENCE - MAGNET & SPECIAL TRANSFER OPTION
Some students may want to go to a school that a sibling is already attending and will be returning to next year. Sibling preference for which you are eligible may be indicated on the online application. If there is no sibling information listed on your application, please complete the sibling information as requested. Sibling preference gives you a priority for admission through the lottery, but it does not guarantee admission to any school/program. Neither siblings nor multiples applying together for the first time receive sibling preference. Siblings are considered brother, sister, step-brother, step-sister, half-brother, and half-sister who reside at the same residential address.

MILITARY DEPENDENT TRANSITION PLACEMENT - MAGNET & SPECIAL TRANSFER OPTION
Florida Statute 1003.05 - Assistance in Transitioning Students from Military Families recognizes that school-aged dependents of military personnel often face numerous transitions during their formative years. The legislation provides that dependent children of active duty military who otherwise meet the eligibility criteria for special academic programs shall be given first preference for admission to such programs even if the program is being offered through a public school other than the school to which the student would normally be assigned. Special programs include magnet schools, advanced studies, Advanced Placement, dual enrollment, AICE, and IB.

To qualify, the student MUST live in Duval County, reside in the household of the military personnel, and have transitioned to Jacksonville within the year. In addition to completing the online application, students wishing to exercise the military priority MUST also complete the Military Transfer Option in the 2020-2021 Student Transfer Application and submit it along with the required documentation. Military priority does NOT guarantee acceptance.

Students who use the military preference when applying for a program/school, and who apply by the **February 29, 2020** deadline, may make up to two magnet choices and one special transfer option choice. Each qualifying choice will be awarded the military priority. Students who use the military preference to apply for a magnet program or special transfer option school after the deadline are assigned to the program if there is space available. If there is no space available, the military dependent will be placed at the top of an existing waiting list for the school or program and placed if and when an opening occurs. Florida Statute 1000.36, Interstate Compact on Education Opportunity for Military Children, provides guidance to school districts on how to remove barriers to education success imposed on dependent children of military families due to frequent moves and deployment of their parents.

Duval County School Board Policy 5.23 “Transfer Policy for Dependent Children of Transitioning Military Personnel”
APPLICATION FAQS:

1. What do I do if the information about my student is incorrect on the online application?
   If there is incorrect information, immediately notify the Duval County school that the student currently attends to have the information corrected.

2. Do I have to make 2 magnet choices and 1 Special Transfer Option choice?
   No, you may make one choice, two choices or three choices – it’s up to you. You do not have to complete a choice in both the magnet and special transfer option section. In fact, we suggest that you apply only for the programs that you really want and have an interest in having your child attend. Remember, transportation is not provided to special transfer option schools.

3. Do I have Program Continuity?
   If your student is eligible for program continuity to the next school level, this information will be provided in the section labeled “program continuity.”
   You have to apply by the deadline to be eligible, and it does not always guarantee admission. We honor your program continuity priority for first and second magnet choices, but many programs fill up with first-choice applicants.

4. Do I have sibling preference?
   Sibling preference for which you are eligible may be indicated on the online application. If there is no sibling information listed on your application, please complete the sibling information as requested. This is especially important for students entering kindergarten. Remember, the sibling must be eligible to return next year to the school where you are applying. Siblings are defined as brother, sister, step-brother, step-sister, half-brother, half-sister living at the same address. Unfortunately, we cannot offer sibling preference to siblings applying together for the first time or to siblings living in different households. Also, sibling preference does not guarantee acceptance. In cases where twins or triplets applying together receive different schools in the lottery, we will try to place them in the same school where space is available.

FOR OUT-OF-COUNTY STUDENTS - MAGNET & SPECIAL TRANSFER OPTION
Applications for students not living in Duval County will NOT be processed during the on-time magnet/special transfer option lottery. Out of county students will submit paper applications during the late application period that begins on April 15. Paper applications for out of county students will be available on the School Choice website at www.duvalschools.org/schoolchoice. Applications for students who are moving to Duval County from another state or city in Florida must have a local address and provide two acceptable proofs of residence* before we can complete the processing of an on-time application for a school/program.

FOR PRIVATE SCHOOL STUDENTS - MAGNET & SPECIAL TRANSFER OPTION
Applications for students currently residing in Duval County who are attending a private school are welcomed with two acceptable proofs of residence. Please refer to www.duvalschools.org/schoolchoice for instructions on how to apply as a new student.

*Two acceptable proofs of residence include, but are not limited to, a current utility bill, lease agreement, or mortgage statement. It does not include a parking pass, driver’s license, vehicle registration or insurance. Please check the website for more details.
5. Do I need to get the principal’s signature?
No, it’s not required, but it does give your child a priority if selecting a magnet school/program. You can only get credit for the principal’s signature if you visit the school during an open house or tour during the magnet recruitment period. Plus, we have found over the years that parents who visit the school before they apply are much more satisfied than those who don’t.

6. How do I know that you received my application?
When applying through the Focus Parent Portal, you will receive an electronic confirmation when you submit your application.

7. What happens if I miss the deadline?
Only applications that are submitted before the February 29, 2020 deadline will be processed in the lottery.

All late applications for students with a Duval County residential address will be submitted online through Focus requiring each parent/guardian to have a Parent Portal account. If you do not have an account, sign up at www.duvalschools.org/focus

The application period for submitting online LATE applications will begin April 15th.

8. Are there any schools/programs that do not use the online application?
Online applications are not available for some schools or their individual programs. Those schools/programs are listed below:

Douglas Anderson School of the Arts is an audition school only. Contact the school for audition dates and information.

San Jose Elementary and West Riverside Elementary Schools have a Dual Language magnet program. Parents apply directly at the school.
THE LOTTERY AND FINAL STEPS

After applications are submitted, they are processed and prepared for the lottery. The lottery is actually a computerized program that randomly selects students based on the priority that has been assigned to each selected school/program on the application.

There is a predetermined number of seats available for each school/program in each grade level. The lottery program selects students based on the order of choices and student priority level. That’s why it’s so important to make your choices carefully when filling out your application. Many popular programs fill up with students who have made that program their first choice. Often, there are no seats remaining by the time the computerized lottery begins reading second choices. This applies even if you have program continuity (magnet schools/programs) or sibling preference (magnet and special transfer option).

The lottery will process magnet choices first. If a student is accepted into one of his/her magnet choices, the lottery will not process the special transfer option choice, if one was made. Should a student not be accepted into any of his/her magnet choices, the student will be placed on a magnet wait list for those choices. The lottery will then process the special transfer option choice, if one was made. If accepted into his/her special transfer option choice, the student will still remain on the magnet wait list. If the student is not accepted into his/her special transfer option choice, he/she will be placed on a special transfer option wait list while keeping his/her placement on any magnet wait list.

Unfortunately, there are no guarantees. Admission is determined by a lottery that is based on the number of openings and the number of applications received for a school or program.

NOTIFICATION

Results of the lottery will be sent electronically to you as soon as they are available, usually around the middle of April. Your notification will include whether the student has been accepted and, if so, into which school and program or whether the student has been placed on a wait list.

Parents/guardians will electronically receive notification of the magnet lottery results. Only parents/guardians who made a special transfer option choice AND whose child was not placed into one of their magnet choices will receive an additional electronic notification regarding their special transfer option choice. Parents/guardians who only made a special transfer option choice will electronically receive notification of the special transfer option lottery results.

Parents may cancel a magnet or special transfer option assignment during the summer by sending an email to school_choice@duvalschools.org or in person at the School Choice Office. You will be asked to give us a reason for the cancellation.

THE WAIT LIST

Students who are not accepted into any of the choices (either magnet or special transfer option) are placed on a wait list. For those students, there is still a good chance of being selected for one of the requested schools if any openings occur during the summer. Keep your notification in a safe place. It contains your wait list number, and if any openings become available during the summer, they will be filled according to that number.

If you are selected, you will be notified by email. You will have only 48 hours to accept the seat. If your contact information changes, be sure the current school updates these changes. If we do not receive your acceptance within that period, we will offer the opening to the next student on the wait list to assure fairness.

If you are selected for a magnet school/program, you will not be put on the wait list for any of your other choices (either magnet or special transfer option).

Students who are accepted into one of their magnet requests do NOT appear on a wait list for any other school/program.

TRANSPORTATION INFORMATION

If the student is accepted into a magnet program, the electronic notification will include information about transportation. We encourage you to read the guidelines carefully.

ORIENTATION

Schools will list on their website information about the orientation program being held at their school. This is a great opportunity to gather a wealth of information about the school and any program requirements and expectations. In addition, the principal at each school will always be happy to answer any specific questions you may have.
ENROLLING
When the school year begins, students selected for either magnet or special transfer option placement must report to their schools by at least the third day of classes, August 12, 2020.

If magnet and special transfer option students do not arrive by the end of the third day, their assignments will be cancelled. In certain cases, a seat may be held beyond the first three days of class, but the parent or guardian must make arrangements with the school in advance.

School starts on August 10, 2020.

EXIT PROCEDURES
Attending a magnet or special transfer option school is a serious decision. In a few instances, students may want to leave their magnet or special transfer option school and return to their neighborhood school. Although parents may choose to make use of our EXIT Request Procedure, withdrawing from a magnet or special transfer option school is not always possible. Principals base their budgets for each school year on the projected number of seats. Often neighborhood schools simply may not be able to accommodate students who decide to leave their magnet or special transfer option school.

Once a student enrolls in a magnet or special transfer option school, the student should remain through the highest grade level of that school, unless the school has academic performance standards that are not met. Transferring during the school year is not always possible because all schools are obligated to meet the class-size reduction limitations. You can only transfer back to your neighborhood school if a seat is available. Transfers to other magnets or other special transfer option schools during the school year are not possible. The Request to Return to Attendance Area School form can only be processed by the School Choice Office with approval of both principals involved, as well as the Regional Superintendent. Parents will be notified within ten days after the request is received. The Request to Return to Attendance Area School form will be posted on the School Choice website.
