

Magnet Expo and Tours Tips and Tricks

Parents, as you navigate this new way of work with Expo and Tours being virtual, we wanted to give you some assistance.

VIRTUAL EXPO

- Visit our Virtual School Choice Expo, https://dcps21.mapyourshow.com/8_0/#/
- Begin by clicking on My Show Planner to create an account. (Please know this is separate from your Focus account.)
- Then click on Create Your My Show Account
- Complete the form. You will need to verify your account through email.
- Now you are ready to start signing up for events (AKA live sessions with the schools at the Virtual Expo) This will also give you the ability to chat with staff members the day of the Expo.

To Add Events

- Each school has 4 live sessions, which are listed on the Map Your Show platform under each school name. Once you determine the time and date you want, click the plus button and it will add to “My Events” on your planner page.
- On the day of the event, there will be a link embedded for GoToMeeting that will allow you to login to the live session.

To Chat with a Staff Member

- Find the school you are interested in through the Map Your Show platform and scroll to the bottom of the page. In the Contact Us section, click on the orange CHAT button to begin a conversation. This will be a live chat format only.

VIRTUAL SCHOOL TOURS

- On the day of the tour visit our website for the live GoToMeeting link that will take you directly to the live tour.

In the meantime, if you are interested in previewing some student pictures, student work, pamphlet, etc. please visit our website, <https://dcps.duvalschools.org/stockton>
