

EHS School Advisory Council Meeting

October 23,
2018

5:30 p.m.

“Life’s most
persistent
and urgent
question is,
‘what are
you doing
for others?’”

■ Dr. Martin
Luther King Jr.

New Agenda Items	Notes
Welcome	Bravo welcomed SAC committee
Approve September 2018 SAC Minutes	Bravo motioned to read over and adjust minutes as necessary. Beth Allen motioned to pass; Pedro Reyes seconded
District SAC Meeting Review	<p><i>10/22 was the meeting date-</i></p> <ul style="list-style-type: none"> • A lot of discussion about accreditation assessment team • Westside Duval county today; Chartwells was there and they were praised by all that they did (goodie bags, meals, etc.) • Magnet school Area SAC discussion- will they be separate? That will be decided at the next meeting. They are proposing to have a separate meeting. Bravo sees both sides being a magnet Principal- positives and negatives. • New Berlin elementary this month- parenting classes for Parent Academy; a lot of effort, time, and money but not a big turnout- what could make parents go so that it is better attended? Not enough time in advance to let people know, difficult to read, but what about incentivizing? Example of DJJ incentivizing by <i>Linda Dyke</i>.
Principal’s Report	<ul style="list-style-type: none"> • Staffing is in good shape- about to hire a new position for Spanish; two math teachers in the last month • Accreditation process has been completed; educators from all areas- 50 ppl came; 56 schools were visited including EHS • Principal’s focus group; panel of teachers and staff members; student panel; visited large amount of classrooms; who we are as a school, what have we done, what changed; what struck me the most was that at the end of the student panel and at the end of the teachers if you could describe your school what word would you choose? They included rising, diverse, inclusive, positive, family. • Discipline down 200 referrals overall; down 89 ISSP and OSS; overall our kids are in a better place with behavior; multiple altercation early in September- since move of those students campus is very different; one element can cause a toxic situation; wanting the best for those kids but not at the expense of all our other students; more celebrations are able to be had such as a full school pep rally in the center of the courtyard with a DJ; cookie food truck for seniors; rollout of honor roll celebrations; remarkable ram celebration; uptick in IDs by putting a fund to it and not allowing students to participate in activities if they do not have an ID regularly; uptick to reporting behavior that is alarming; classroom safety searches along with ID stings; metal detectors- wondering about metal detector enforcement • <i>Redman</i> stepped in about school board member- they said that should never have been put out the applied for a grant but it hasn’t even been approved yet; it should never have been let out. <i>Bravo</i>- district email- if anyone has questions know it is in the works and more information to come out. Very general email from superintendent. <i>Bravo</i>- District initiatives is not up to principal. <i>Douglas</i>- But where would you put them? <i>Redman</i>- Not likely to

	<p>happen this school year.</p> <ul style="list-style-type: none"> Majorie Stoneman Douglas act- mental health screening 3rd, 6th, 9th graders will take an online mental health assessment tool. It will report red flags for specific situations. The guidance counselor will then follow up with flagged items. How is one individual going to follow up in a timely manner? Friday afternoon example of students saying yes to wanting to harm themselves and then they leave campus? Will we have district support? Full service schools could assist- <i>Hodges</i> <i>Bravo</i>- that was brought up at our leadership meeting; I agree with you. Sensitive serious item- wanting to make sure this assessment is met with the appropriate resources Additional resources are being provided- but not our school because of Full Service. Question asked about shuffling counselors based on funding from State. <i>Hodges</i>- I wanted to go back on the discussion of the alternative school. I would be tempted to send multiple students; are there limitations? <i>Bravo</i>- Yes, it has to be for a certain reason- but a major altercation that causes an interruption to the school day, threats that are followed through, etc. then they are sent to Grand Park. <i>Hodges</i>- What about a gun? <i>Bravo</i>- That’s a class 4 which means they are expelled from the district. <i>Douglas</i>- wasn’t there a thing about a gun here before? <i>Bravo</i>- yes in the floorboard hidden; it was brought to us by a student 2nd 9 weeks- students gets report cards next week Grade distribution breakdown; all teachers with more than 10% F’s are having a meeting with an admin- not as a “gotya” but as a way to see what’s not working; ESE students are not allowed to fail unless all accommodations are met Finishing fall sports and going into winter sports After school tutoring began this week Senior night Thursday night football game due to FLA/GA Campus Prayer Walk 11/10 with Faith based partnership; breakfast for teachers on teacher planning day Voted in the Lauro family. Redman motioned to adjourn 6:11pm; seconded by multiple people
<p>Closing</p>	<p>Next SAC Meeting Date: Tuesday, November 27, 2018 5:30 p.m.</p> <p>** EHS Guidance Team will be presenting</p>
