

# Calling ALL Dads!!!

Finegan Elementary and *Communities In Schools* are partnering up to bring more men into the school with a new initiative entitled “*Dads Do Duty*”. This school-wide program invites men (both military and non-military) to volunteer to help facilitate lunchroom activities. The goal is for students to see male figures within the school on a more consistent basis. Even one day a year will make all the difference in our children’s lives!
