Old Business:

No old business.

New Business:

1. School Improvement Plan – Each committee member was provided with a copy of the 2014-2015 School Improvement Plan Draft. Ms. Lott led the members through the plan. At the conclusion of each section she asked for questions, comments, and concerns. After the goal section Penny Cooper inquired about the new assessment and how it would be presented to the students prior to testing. Ms. Lott explained that the district sent information to school test coordinators informing them of practice tests. Committee members were provided with the website to access information (including practice tests). Ms. Lott stated that additional information about the new assessment will be forthcoming from the district and once she receives it she will pass it along to all committee members.
2. School Assessment Calendar and Progress Monitoring of School Improvement Goals – Ms. Lott then provided all members with a copy of the district assessment calendar. She stated that Curriculum Guide Assessments will be used to monitor the school's progress toward meeting the SIP goals and targets.
