Kirby Smith Middle School Gifted and Talented Summer Camp - where campers become scientists, computer programmers, engineers and mathematicians for two weeks through hands-on interactive classes.
Description
This camp is a two-week intensive experience in science and technology limited to gifted and high achieving students in the First Coast area. Students will work with faculty using science and technology labs on various challenging activities. Topics vary but include robotics, astronomy, video game design, chemistry, pre-engineering, computer 3D Animation, zoology, video editing and film making.

Camp Schedule
This camp meets in 2 two week sessions from 9:00 am until 4:00 pm.

Session 1  June 12th—June 23rd
Session 2  July 10th—July 21nd

Sample Daily Schedule
9:00—9:15  Daily Orientation
9:15—10:30  Introduction to Robotics
10:30—12:00  Science 101
12:00—1:00  Lunch/Computer Time
1:00—2:15  Introduction to Astronomy at the Challenger Learning Center
2:15—3:30  Introduction to Video Game Design
3:30—4:00- Round robin discussion/wrap up and student pick up

**Classes will change based upon the teachers working each session. Other classes will include Digital Music, Biology, Engineering, Chemistry, and programming specific to the utilization of Apple Computers.

~Camp is a great place to meet friends who also enjoy math and science as well as enjoy the fun of a traditional summer camp.~

Facts
Where can I get an application?
Visit our website at http://duvalschools.org/domain/7268, call 904-630-6600 x192, or email simmonss3@duvalschools.org.

How much does it cost?
The cost of the camp is $450.00 for a two week session.

Extended day may be available for an additional fee depending on demand.

$25.00 (AM), $50.00 (PM), $75.00 (Both)

Is transportation provided?
Transportation to and from camp is not provided.

Is lunch provided?
Campers will need to bring their lunch daily.
