BARTRAM SPRINGS – SCHOOL OF ACADEMIC ENRICHMENT AND ACCELERATED LEARNING

- The Gifted program strives to nurture academically talented students through a program that provides for the maximum development of each student's academic talents as demonstrated by a need for differentiated services, successful classroom performance, and educational opportunities that are challenging, accelerated, enriched, and innovative. Students must meet eligibility requirements to participate.
- ACCEL program - ACADEMICALLY CHALLENGING CURRICULUM TO ENHANCE LEARNING (ACCEL) OPTIONS are educational options that provide academically challenging curriculum or accelerated instruction to eligible students. For the majority of students, in-class differentiation provides the learning opportunities needed for advanced students to be challenged. Some students are able to advance to the next grade level based on specific eligibility requirements. The students' commitment, desire for the program and developmental level must be considered as well as meeting the eligibility requirements
