

April

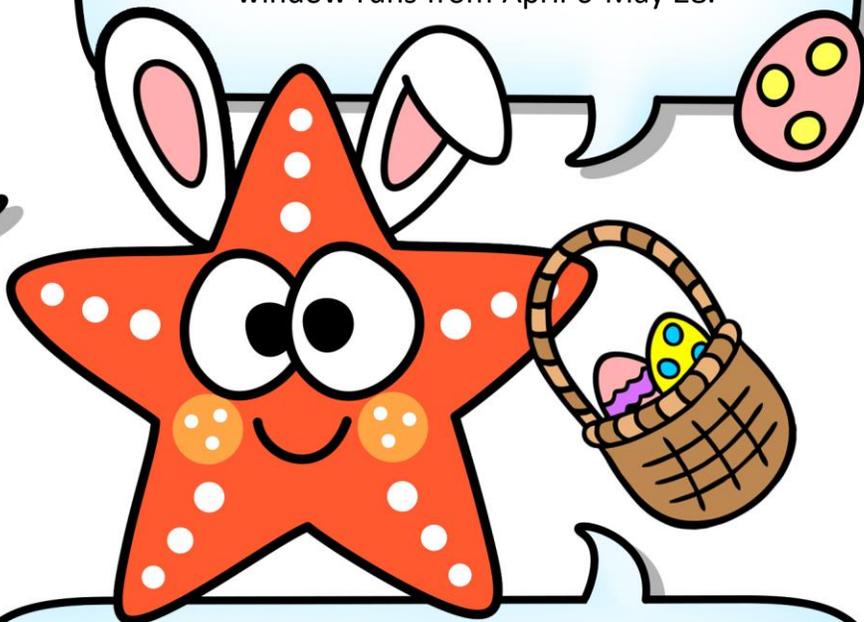

Celebrate

Join us in celebrating our wonderful Seabreeze staff at the end of April/ first of May. Staff appreciation runs April 26-30 and focuses on our office, cafeteria, and custodial crew. Teacher appreciation runs May 3-7 and centers on our instructional staff. PTA will provide additional guidance and suggestions for showing appreciation. 😊

Testing

Attention families of students in grades 3-5: Due to the state's emergency order, we will be using the full extended window for testing. This will allow us to test in small groups, using the maximum time allotted. Students will be categorized and assigned testing dates. You will receive personalized notification letters for your students this week. The full testing window runs from April 6-May 28.

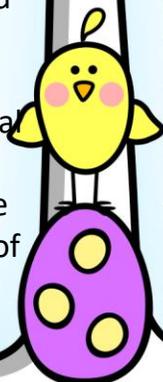

Events

We are pleased to announce that we will have a Readers' Beach end-of-year activity, though it may be a little different than years before (no water bouncies, etc.). Keep reading!

Additionally, we are finalizing plans for our 5th Grade Graduation ceremony. Stay tuned for more information on both events, held at the end of May.

There will be no 3rd Quarter virtual awards, but certificates and ribbons will be distributed in the class ceremony. 4th Quarter End of Year awards will be virtual.

Blessings Kids

First Coast Blessings in a Backpack is looking for funds to secure a corporate sponsorship or individual sponsorships for students to remain in their program. "Blessings Kids" receive a snack pack each weekend with shelf-stable foods to maintain some form of nourishment when school is not in session. Thanks to the generosity of our previous donor, First Christian Church of the Beaches, we are able to cover this year's cost. If you are interested in hosting a student, or if you know of a corporation that would like to partner with Seabreeze, please contact Principal Kimball at 247-5900. The cost per student is roughly \$100. There are 130 students enrolled this year.
