OVERVIEW

The Duval County Public School District Local Educational Agency (LEA) can only receive Title I, Part A funds if it conducts outreach to all parents and family members and implements programs, activities, and procedures for the involvement of parents and families consistent with Section 1116 of the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA) of 1965. The programs, activities, and procedures shall be planned and implemented with meaningful consultation with parents of participating children.

School level plans are required to be developed with the input of parents and families to improve student achievement and performance. The planning process can also include meaningful consultation with employers, business leaders, and philanthropic organizations. This template will assist schools with the best practices aligned to federal, state, and local expectations for compliance.

Below is an approach that can be used for Parent and Family Engagement.

"Treat children like they make a difference and they will."

NEEDS ASSESSMENT

The Needs Assessment is the foundation of the Parent and Family Engagement plan. When meeting with parents and stakeholders, data from the needs assessment process provides previous year and trend data that can be used to make decisions about plan implementation for the upcoming year. That way decisions are not arbitrary but data-driven and purposeful.

Previous Year Financial and Programmatic Outcomes

Fiscal Overview from the Previous Fiscal Year (this section is not required for new Title I Schools)

Total Parent and Family Allocation from the Previous Year	Total Funds Expended	Total Funds Remaining
\$ 5000.00	\$4026.02	\$973.98
If funds remained at the end of the year, explain why funds weren't fully expended and how parents will be engaged to plan for funds to be fully expended during the current plan year		
Unfortunately, a few of our planned Title I Parent Engagement events were canceled as schools were closed due to Hurricanes.

Schools may add additional lines as it is aligned to the Parent and Family Engagement Plan from the previous fiscal year - activities must match activities included on the Parent and Family Engagement Plan from the previous school year. If an activity wasn't held, a 0 should be included for the "Number of Participants" column with an explanation why the event wasn't held in the "Results" column.

Barriers

<p>Using previous year financial and programmatic outcomes; district and school climate data; parent perception data; data from SAC meetings; parent attendance data; observational data; parent survey data; data from the Title I Developmental meeting; parent interviews and focus groups; teacher and administrator feedback; other forms of needs assessment data; and carry out a needs assessment process. Then, describe the barriers that hindered the participation and involvement of parents and family members during previous school years.</p>
--

1. Families have on-going socio-economic needs that will require additional support.
2. Times for some scheduled events were not convenient.
3. Families aren't interested in the Parent Engagement events.

(1) Prioritize the **TOP THREE the barriers** (it may be possible to combine some)
 (2) Describe the steps that will be taken during the upcoming school year to overcome the parent and family engagement barriers (required - include how the school will overcome barriers for students with family members who have limited English proficiency, parents and family members with disabilities, and parents and family members who are migrants in accordance to ESSA Section 1116 (f)).

	Barrier	Steps or strategies that will be implemented to eliminate or reduce the barrier
1)	Parent Interest	Create survey that captures what interest parents have and what will encourage them to participate from attending Parent Engagement events
2)	Time of Events	Create a survey that captures what times parents have and what will be most convenient for them to participate in Parent Engagement events. We will offer and adjust times for scheduled events to increase participation and engagement.
3)	Resources	Soliciting stronger partnerships with stakeholders, establishing a strong PTA, and building more community relationships to garner additional engagement and involvement.

Overarching Outcomes/Goals for the Current School Year

Considering your barriers and the strategies that are intended to reduce or eliminate them, what are the overarching outcomes/goals for the current school year for parent and family engagement?

Fort Caroline Middle School will increase the percentage of parent and family engagement in all Title I, Part A activities by adjusting times of meetings and engaging in what parents truly find interest in. We will make meeting times that are feasible for most parents, offering both an AM and PM session, and virtual sessions if needed. Fort Caroline will also offer parent teacher conferences through all methods - face to face, virtual and phone, to limit barrier to communication and partnership with parents. Fort Caroline will establish a strong PTA, enhancing parental involvement and buy-in, which will also include strengthening existing community partnerships, but also soliciting new community partners. The goal is to provide as many resources and support as possible, to our students and families at The Fort, while also delivering a comprehensive program that meets their diverse needs.

COMMUNICATION AND ACCESSIBILITY

Communication is an extension of Needs Assessment as trend data has shown that parents comment that communication processes should be improved so they are fully engaged.

Accessibility

Describe how the school will provide full opportunities for all parents and families (keeping in mind the diverse makeup of 21st Century families) to participate in all parent and family engagement activities. This includes strategies for parents who have specific needs such as parents with special transportation needs, parents who work multiple jobs, court appointed parents, parents who are disabled, parents who speak English as a second language, migrant parents, parents with multiple children in multiple schools, guardians, guardians with multiple students in a home, etc. Specifically, how will barriers be removed to ensure parents/guardians/family units are a part of their child's education?

As we continue to move forward in the post Covid-19 environment, we will increase our usage of technology as well as face-to-face communication. This will help create multiple methods for parents to join and engage in Parental Involvement activities. We will also increase our social media and electronic communication to connect with students and families through those platforms, engaging them with reminders and ways to engage in another modality. We also plan to connect with our ESOL department for additional resources for our English as a Second Language families to ensure they're also receiving communication.

Describe how the school will share information related to school and parent and family programs, meetings, school reports, and other activities in an understandable, uniform format and in languages that the parents and families can understand?

We will make a concerted effort to provide an interpreter for parent meetings, events, and activities to ensure parents have a defined understanding of how they can assist their child in academic success. When interpreters are not available, we will utilize the support of the faculty and staff of Fort Caroline. Information will be delivered verbally and written in each parent session. Information is sent via School Messenger and through social media.

What are the different languages spoken by students, parents and families at your school?

BUILDING CAPACITY

When a school receives Title I, Part A funds, it is responsible for building the capacity of each parent to improve their child's academic achievement. This includes activities and strategies for parents to understand challenging State academic standards; State and local assessments; how to monitor their child's progress and work; literacy training; how to use technology; and other strategies of how parents can assist their child with the learning process. All funds expended under this section should align to this section and to achieving the goals in the Title I Schoolwide plan by engaging parents and families. [ESEA Section 1116 (e)]

BUILDING THE CAPACITY OF PARENTS AND FAMILY MEMBERS

Reflecting on the needs assessment process, what is an overview of how the school will implement activities that will build the capacity for meaningful parent and family engagement?

Activities at Fort Caroline Middle will surround school events. These events are held where parents are the center of the activity. We deliver parent information that is specific to students, and how parents can help students achieve. Parents will receive guidance on topics that can assist in helping their students outside of the school. Communicating the goals to parents each week will be key to the students' success.

How will the school implement activities that will build relationship with the community to improve student achievement?

Community and business partners will be invited to attend all Title I events and meetings. If the event consists of activities to expose local businesses to the school, they will be asked to showcase their business. Additionally, the marquee will advertise art events that will be open to the general public.

(1) How will the school implement the Title I Parent Resource Room to support Parent and Family Engagement? (2) Explain how the Parent and Family Engagement Room is advertised to parents.
