

Welcome to Richard Lewis Brown Gifted and Academically Talented Academy!

As the proud Principal of Richard Lewis Brown Gifted and Academically Talented Academy I, along with our Assistant Principal Kendall Parris, am looking forward to a highly engaging, academically challenging, and truly exciting year working with our children, staff, and community.

At RLB, we are known for our dedicated staff, strong community involvement, and student ownership. We are a rigorous, engaging, and empowering gifted and academically talented neighborhood school. As a community of diverse learners, we challenge our students to think critically, take risks, and reflect on their learning. We know our commitment to educating the whole child will lead our students to be successful in a global world.

Kind regards,

Kristi E. Kincaid

Principal
