

OneView

OneView is Duval County Public Schools' new online education portal that provides students, parents/guardians, teachers, administrators, and local community partners a single-point digital connection to everything...in one place.

Developed as a national model education portal by Microsoft, this new streamlined platform allows users quick and easy access to key district applications, real-time data, announcements, and alerts.

Highlights and Benefits

- Single sign-on access – only one user-name and password required for multi-student households
- Role-based account management determines access to information and applications
- Multi-device ready for all desktop computers, laptops, tablets, and smart phones
- Efficient single dashboard view displays key academic progress, attendance, assignments, grades, and digital planning calendar
- Simple navigation to access instructional resources, E-textbooks, blended learning applications, and student/teacher software (Office 365)
- Aggregated calendar combines courses, assignments, tests/assessments, school/district events, and appointments
- Centralized communication tools and account management for students, teachers, and parents
- Easy access to key information such as bus routes, breakfast and lunch menus, and school flyers

Parents/Guardians must have a DCPS account to log into OneView. If you have already created an account to access Focus, you can utilize that account to access OneView.

Log into OneView at <https://oneview.duvalschools.org>
