

Duval County Public Schools Nutrition Program

14th Annual College Scholarship Award

Duval County Public Schools Nutrition Program, in partnership with Chartwells K12, wants to give back to the students we serve every day by offering a one-time \$5,000 scholarship to 20 Duval County Public School seniors who plan to continue on to post-secondary education, including colleges, universities, and technical or trade schools.

Eligibility:

The scholarship is open to high school seniors who will graduate from a Duval County public high school. There will be **20 winners district-wide** who will receive a one-time **\$5,000 scholarship** to be applied toward their post-secondary education.

Requirements:

- Acceptance letter/proof of enrollment into a college, university, technical or trade school
- Submit a copy of your official high school transcript
- Submit the completed application
- Submit one of two essays (1,000 words or less)

Scholarship Deadline:

Please submit your application and essay by **April 7, 2023**. Submissions received after this date will not be considered.

Submit Application Via Email:

Phone: _____ Email: _____

Education

High School: _____

Current Student ID: _____ GPA: _____

Future College/School: _____

School Address: _____

Future Student ID: _____

Signature: _____ Date: _____

Choose 1 of 2 Essay Topics:

1. Student participation in school lunch can decline with each passing grade level. Take a measurable survey of at least 15 peers in your high school and provide 2-3 suggestions, based on the data collected, on how Chartwells can improve its service program to encourage students to eat in the school cafe.
2. Healthy eating is a hot topic these days. What changes could your family make to improve their diet? Explain the best ways to implement those changes and give examples of positive effects that might result. Use scientific research and data to support your answer.
