Hello Axson Families!

May is Better Hearing and Speech Month, so I would like to share with you a little bit about Speech and Language Services in Schools 😊 I am so excited to have an opportunity to help students learn and improve communication. Please see the attachment, Speech-Language Pathology Services in Schools, to learn more. This week, some of my Speech Superstars shared some information about Stuttering. They did a great job!!! Please watch the video and see attachments to learn about Stuttering and how to help those who stutter. Next week, some of my students and I will be sharing information about Speech articulation. Stay tuned 😊
