Cap and Gown Packages begin at $75
Of 2020

#SAINTSPRIDE

I can't wait

To celebrate your parents
A message from your Senior Class President

Class of 2020, it has been a long and bumpy road filled with hardships and good times. We have stared defeat in the face and continued to move forward and pursue our goals. I believe that now is a perfect time to reflect on ourselves and everything we would like to accomplish. This year has been one of the best years I have had at Sandalwood High School. I wouldn’t trade the moments I have made there for the world. I know everyone is worried and skeptical about what is next to come, I can assure you everything is going to work out for the greater good. We must remain diligent and keep our cool at all times. I know Prom and Grad Bash were canceled...such a disappointment. But it’s not in our hands to make such a decision. COVID-19 is very real and is spreading very fast and the results are unpredictable. I pray that you all stay safe and you all stay close to the ones you love. This is no time to be upset and no time mourn, this is a time to prepare for our next big step in life and be ready to take action. It’s time to bounce back... no Big Sean. All this to say, we are mighty Saints and we can do anything especially if we do it together. Please stay safe and please wash your hands. WHEEZY OUTTA HERE

Sincerely, Harlon Brown Jr
Happy Virtual Spirit Week from your School Counselors!
