Dear Families,

Our goal has always been to provide children with the best educational experience possible, and we will never let anything, including a pandemic, defeat us in our mission. Even in this unique situation, we will help you find the school that fits your child best. This enrollment guide contains information on every school in our district and the unique programs they offer. It will help you with your school search for the 2022-23 school year.

**Great Schools in Your Neighborhood:** We encourage you to take a close look at your neighborhood school, also called an attendance-area school. We are committed to providing excellent schools in every neighborhood. To find your attendance-area school, go to [www.duvalschools.org/locator](http://www.duvalschools.org/locator).

**Magnet or Special Transfer Option Schools:** If you are interested in attending a school other than your attendance-area school, we have that too – from magnet schools and special transfer option schools to exceptional education schools.

**Virtual School Choice Expo:** We are hosting a virtual School Choice Expo on Saturday, January 8, from 11 a.m. – 3 p.m. You can talk to principals and educators from our district schools, as well as staff from various district support departments, like Transportation, Food Services, and Family and Community Engagement. You can find out more at [www.duvalschools.org](http://www.duvalschools.org).

**School Visits:** As a safety precaution, some schools offer virtual visits so you can find out more about the schools you are interested in and how to enroll. Contact the school or check out the school website for more information on dates and times of virtual visits or in-person tours.

**Enroll:** Once you have selected the type of school that interests you and your student, you can find the steps to enrollment in this book or by visiting [www.duvalschools.org/enroll](http://www.duvalschools.org/enroll).

If you need support along the way, our School Choice team is here to help you navigate the process. Reach out to them at school_choice@duvalschools.org, or set up an appointment to speak with a specialist at [www.duvalschools.org/schoolchoice](http://www.duvalschools.org/schoolchoice).

We want to do everything possible to ensure your child is in a school where they can thrive. Thank you for being a part of Team Duval!

Information published within this enrollment guide is subject to change, and some information may have changed since the guide was printed. This publication is not intended to be a complete directory of information concerning all schools. For more information, contact School Choice at (904) 390-2082, school_choice@duvalschools.org, or contact your school.
Training for Future Careers?
We have that.

Learn how Duval County Public Schools is training our future workforce in Career and Technical Education programs at www.duvalschools.org/cte.

EVERY STUDENT. EVERY DAY.
Below are the main steps to starting your journey in the Duval County Public Schools enrollment process.

**STEP ONE   CHOOSE A SCHOOL/PROGRAM.**

Rather than focusing on a particular school to attend, concentrate on selecting the type of program that interests your child and future goals. Read through the programs offered by each school. Remember, you may find that your neighborhood school is the best school for your child. To find your neighborhood school, go to www.duvalschools.org/finder.

If you are interested in magnet programs, the chart on Pages 12-13 shows how a child can follow through in the same magnet theme and move from elementary to middle to high school.

**STEP TWO   LEARN THE DETAILS.**

There are specifics you will need to know about different programs, such as the lottery process, priority for admission, transportation, and other topics. Turn to Page 14 for information about these topics, as well as events you can attend to get more details.

**STEP THREE   APPLY TO THE SCHOOL/PROGRAM.**

If you select a school other than your attendance-area school, you will need to submit an online magnet or special transfer option school application to attend. Also, if you want your child to have a magnet status at his/her attendance-area school, you will need to submit an online application. Applications are available via the Parent/Guardian Account. To apply for a Student ID, create a Parent/Guardian account and link the two at www.duvalschools.org/focus. Refer to Page 69 for additional information.

1. Get a Student ID (skip if student is not new to the district),
2. Create a Parent/Guardian Account (skip if student already has one).
   - Verify your Parent/Guardian Account.
3. Link your Parent/Guardian Account to your student.
   - Visit your child's school to show proof of parent-child relationship.
4. Apply - Applications are available via the Parent/Guardian Account.

To enroll at your neighborhood school, go to the school to register. You will need to bring several important documents with you. Learn more about what you need to bring at www.duvalschools.org/register.

**Remember:** The application deadline for the 2022-23 school year is Monday, February 28, 2022.

**STEP FOUR   COMPLETE YOUR JOURNEY.**

After learning about all the programs and submitting the online application, parents will receive a notification concerning the outcome of the lottery. This section, starting on Page 72, will tell you everything you need to know, including steps for enrollment into your magnet or special transfer option school.

Have questions? Visit our website at www.duvalschools.org/schoolchoice, contact us at (904) 390-2082, school_choice@duvalschools.org.
**STEP ONE**

**CHOOSE A SCHOOL/PROGRAM.**

This section of the School Choice Reference Guide defines magnet programs and special transfer option schools. After determining your child’s interests and goals, try to match them with the programs that are offered. Remember, after reviewing all the programs offered, you may find that your neighborhood school is the best fit for your child.

**WHAT ARE MAGNET PROGRAMS?**

Magnet programs offer a theme or focus designed to give children an opportunity to explore a special interest, gift, talent, or skill. A magnet school may feature one or more magnet programs.

Magnet programs were started during the 1991-1992 school year as a voluntary desegregation plan. Today, Duval County’s magnet programs promote diversity and offer wonderful and enriching learning opportunities. Participating in the magnet program does not mean giving up traditional education – it enhances the education experience. Every student receives instruction in the subject areas that are required for promotion and/or graduation.

In general, students may apply to any magnet program. For transportation eligibility, students in the elementary grades apply to a program within their geographic zone, see Page 23.

Middle and high school students may apply to any magnet program as long as they meet any eligibility requirements outlined in the Magnet Theme Stream on the following page. Transportation for middle school and high school students is provided under specific guidelines. Refer to Page 49 for the middle school guidelines and Page 59 for high school guidelines.

**PROGRAM CONTINUITY & TIERED CONTINUITY: WHY IS IT IMPORTANT?**

Program continuity means following the same magnet program from one level to the next. For example, a student enrolled in a technology magnet program during elementary school may want to continue to learn about technology in middle and high school. Program continuity allows the student to do just that. The student seeking program continuity must reapply as he or she moves from elementary to middle school and from middle school to high school. Students seeking program continuity receive a priority for admission, but it does not guarantee acceptance.

Elementary magnet students sometimes want to switch themes. Students who want to switch themes as they enter middle school will receive a priority in the lottery. It’s called “tiered continuity.” While it’s not as high a priority as a student receives when staying in the same theme, it does reward participation in an elementary magnet program. Tiered continuity is also given to Montessori middle school students who apply to Paxon School for Advanced Studies, Stanton College Prep, Darnell-Cookman School of the Medical Arts, or Samuel Wolfson High School for ninth grade.

Many magnet programs are designed to allow students to start a particular theme in elementary school and “stream” through middle and high school, if desired. Other programs start in middle school and continue at the high school level. This ability to move from one school level to the next is called “program continuity.” The chart on the next two pages shows which schools and programs are part of a complete theme stream and which are not.

**WHAT IS A SPECIAL TRANSFER OPTION SCHOOL?**

A special transfer option school is different from a magnet school. Special transfer option schools are neighborhood schools that have programs that were created in response to community or school interest in a special program and provide more choices to students.

It is important to note that attending a special transfer option school does not mean giving up the traditional education all students receive. The programs offered at these schools simply enhance and add to the education experience. Every student receives instruction in the subjects that are required for promotion and/or graduation.

*Please note that district transportation is not provided to a special transfer option school. Transportation is the responsibility of the parent/guardian.*

**Students are invited to apply to high school IB program.**

### Springfield
- Lone Star
- Loretto
- Mathis, Sally B.
- Pinedale
- Robinson, Andrew
- Stockton, John

1. Continuity for these schools only to Springfield MS.

### Venetia
- Axson, J. Allen
- Ford, John E

* Students not accepted after KG without prior Montessori experience. Experience must be a minimum of a full year from the immediate preceding school year.

5. Students receive program continuity to Darnell-Cookman.

### Southside
- YMLA/YWLA at Butler

** Applicants must complete additional “Opt In” form at the school.

3. Continuity to Darnell-Cookman, Riverside, Paxon, Raines, Stanton, Wolfson, Jackson, and Randolph based on enrolled program of study.

4. Continuity to Darnell-Cookman, Jackson, Paxon, Peterson, Randolph, Ribault, Raines, Stanton, Wolfson, Riverside, and Ed White.

### Darnell-Cookman
- Axson, J. Allen
- Ford, John E

1. Darnell-Cookman students also have Program Continuity to Paxon, Stanton and Wolfson when applying to 9th grade.

2. Continuity to Darnell-Cookman, Riverside, Paxon, Raines, Stanton, Wolfson, Jackson, and Randolph based on enrolled program of study.

### Darnell-Cookman
- Axson, J. Allen
- Ford, John E

1. Students coming from Springfield must have been enrolled in the Accelerated or Gifted Program.

2. Only for students coming from Springfield.

### Fort Caroline
- Anderson, Douglas
- Raines, William M.

* All students MUST audition for acceptance to high school program. Magnet application is not required for Douglas Anderson.

---

### Springfield
- Axson, J. Allen
- Ford, John E

* Students not accepted after KG without prior Montessori experience. Experience must be a minimum of a full year from the immediate preceding school year.

STEP TWO

LEARN THE DETAILS.
Before applying to a school, there are many topics you'll need to know about. We'll cover them in sections specifically designed for magnet schools/programs and special transfer option schools.

• Children entering kindergarten must be 5 years old as of September 1, 2022.
• Children entering 1st grade must be 6 years old as of September 1, 2022, and have successfully completed kindergarten.

IMPORTANT DATES TO REMEMBER

ONLINE APPLICATIONS ARE AVAILABLE
Saturday, January 1, 2022 - Monday, February 28, 2022
Applications are available in your Focus Parent/Guardian Account. School Choice Reference Guides are available at the Parent Resource Center located at 4037 Boulevard Center Drive, the School Choice Expo, and online.

SCHOOL CHOICE VIRTUAL EXPO (LIVE)
Saturday, January 8, 2022, 11 a.m. - 3 p.m.
The Expo is our annual showcase of all Duval County Public Schools. You’ll have the chance to speak with district personnel to get firsthand information about their programs as well as school representatives virtually.

PARENT INFORMATION (VIRTUAL) SESSIONS
Thursday, January 20, 2022 | Thursday, February 3, 2022 | Thursday, February 17, 2022, 6 - 7 p.m.
www.duvalschools.org/schoolchoice

ONLINE APPLICATION DEADLINE
Monday, February 28, 2022
Applications must be submitted before midnight on Monday, February 28. Online access will close at 11:59 p.m. on Monday, February 28.

FIRST DAY OF SCHOOL
Monday, August 15, 2022
PRIORITY FOR ADMISSION

At most magnet and special transfer option schools, there are not enough seats to accommodate every student who applies. For this reason, each selection that you make on the application is assigned a certain “priority” ranking, which is considered in the lottery. Those priorities for both magnet and special transfer option schools are described in this section.

**PRIORITIES FOR MAGNET SCHOOLS**

*Entering Grades K, 1, 2, 3, 4 & K TO 5*

All magnet applications for elementary schools are processed through the lottery. Seats are allocated according to choice and priority. This means that all first choices are considered first, according to the priorities, followed by all second choices until the seats are filled.

**Priority 1 - Neighborhood Preference** for students who live in the current attendance area of a non-dedicated magnet school.

**Priority 2 - Former Attendance Area Preference** for students who live in the former attendance area of a dedicated magnet.

**Priority 3 - Military Dependent Transition Preference** for a transitioning student who has a parent on active duty. (Students meet eligibility requirements when applicable, follow application procedures, reside in Duval County and in the household of the military-affiliated parent, and submit active-duty orders and emergency data record.) Please refer to School Board Policy 5.23 for complete details.

**Priority 4 - Sibling Preference** for a student who has a sibling residing at the same address who attends a magnet program at the same school and is eligible to return the next school year. Siblings applying for the first time are not eligible to receive sibling preference. Siblings are defined as brother, sister, stepbrother, stepsister, half brother or half sister living at the same address.

**Priority 5 - Socioeconomic Preference** for elementary students whose neighborhood school is a Title I School and who apply to attend a magnet program in a non-Title I School or whose neighborhood school is a non-Title I School and who apply to attend a magnet program in a Title I School.

**Priority 6 - Principal’s Signature Preference** for a student whose parent attends a school tour or open house in the months of January and February. Be sure to sign into the event. Schools will enter tour/open house attendance electronically through the Parent/Guardian Account.

**Priority 7 - No Principal’s Signature Preference** for students who submit an application but have no signature indicating attendance at a tour or open house.

**Priority 8 - Not Eligible for the Program** (e.g., Montessori 1st grade and higher without an immediate full prior year of Montessori experience; Dual Language 2nd grade and higher without passing grade on language proficiency test; applying for a Gifted program and the student has not been staffed Gifted, etc.).
All magnet applications for middle school are processed through the lottery, including those who have program continuity. Seats are allocated according to choice and priority. This means that all first choices are considered first, according to the priorities, followed by all second choices until the seats are filled.

Priority 1 - Neighborhood Preference for students who live in the current attendance area of a non-dedicated magnet school.

Priority 2 - Former Attendance Area Preference for students who live in the former attendance area of a dedicated magnet.

Priority 3 - Military Dependent Transition Preference for a transitioning student who has a parent on active duty. (Students meet eligibility requirements when applicable, follow application procedures, reside in Duval County and in the household of the military-affiliated parent, and submit active-duty orders and emergency data record.) Please refer to School Board Policy 5.23 for complete details.

Priority 4 - Program Continuity with Sibling Preference for magnet students who are in a program that continues at the next school level and who also have a sibling attending the school who is eligible to return the next school year. Siblings are defined as brother, sister, stepbrother, stepsister, half brother or half sister living at the same address.

Priority 5 - Program Continuity Preference for magnet students who are attending a program that continues at the next school level.

Priority 6 - Sibling Preference for a student who has a sibling residing at the same address who attends a magnet program at the same school and is eligible to return next year. Siblings applying for the first time are not eligible to receive sibling preference. Siblings are defined as brother, sister, stepbrother, stepsister, half brother or half sister living at the same address.

Priority 7 - Tiered Continuity Preference for magnet students who want to switch themes when entering middle school.

Priority 8 - Principal's Signature Preference for a student whose parent attends a school tour or open house in the months of January and February. Be sure to sign into the event. Schools will enter tour/open house attendance electronically through the Parent/Guardian Account.

Priority 9 - No Principal's Signature Preference for students who submit an application but have no signature indicating attendance at a tour or open house.

Priority 10 - Not Eligible for the Program (e.g., Montessori 1st grade and higher without an immediate full prior year of Montessori experience; Dual Language 2nd grade and higher without passing grade on language proficiency test; applying for a Gifted program and the student has not been staffed Gifted, etc.).
All magnet applications for LaVilla and Fort Caroline are processed through the lottery. These schools also require auditions, which are also processed through the lottery. Please check their website for more information about auditions. Seats are allocated according to choice and priority. This means that all first choices are considered first, according to the priorities, followed by all second choices until the seats are filled.

Priority 2 - Former Attendance Area Preference for students who live in the former attendance area of Fort Caroline MS. This preference is only used if applying to Fort Caroline MS.

Priority 3 - Military Dependent Transition Preference for a transitioning student who has a parent on active duty. (Students meet eligibility requirements when applicable, follow application procedures, reside in Duval County and in the household of the military-affiliated parent, and submit active-duty orders and emergency data record.) Please refer to School Board Policy 5.23 for complete details.

Priority 4 - Program Continuity Preference for magnet students who are in a program that continues at the next school level.

Priority 5 - Neighborhood Student Audition Preference for non-magnet neighborhood students who are attending an elementary arts magnet school and wish to continue to LaVilla or Fort Caroline MS. Students MUST pass the audition to receive this preference.

Priority 6 - Sibling Preference for a student who has a sibling residing at the same address who attends a magnet program at the same school and is eligible to return to the next school year. Siblings applying for the first time are not eligible to receive sibling preference. Siblings are defined as brother, sister, stepbrother, stepsister, half brother or half sister living at the same address.

-OR-

Priority 7 - High Audition Preference for students seeking advanced placement in 6th grade at LaVilla or Fort Caroline MS. Students who audition must still submit an online application.

Priority 8 - Low Audition Preference for students seeking advanced placement in 6th grade at LaVilla or Fort Caroline MS. Students who audition must still submit an online application.

Priority 9 - Principal’s Signature Preference for a student whose parent attends a school tour or open house in the months of January and February. Be sure to sign into the event. Schools will enter tour/open house attendance electronically through the Parent/Guardian Account.

Priority 10 - No Principal’s Signature Preference for students who submit an application but have no signature indicating attendance at a tour or open house.
All magnet applications for middle school are processed through the lottery. Seats are allocated according to choice and priority. This means that all first choices are considered first, according to the priorities, followed by all second choices until the seats are filled.

**Priority 1 - Neighborhood Preference** for students who live in the current attendance area of a non-dedicated magnet school.

**Priority 2 - Former Attendance Area Preference** for students who live in the former attendance area of a dedicated magnet.

**Priority 3 - Military Dependent Transition Preference** for a transitioning student who has a parent on active duty. (Students meet eligibility requirements when applicable, follow application procedures, reside in Duval County and in the household of the military-affiliated parent, and submit active-duty orders and emergency data record.) Please refer to School Board Policy 5.23 for complete details.

**Priority 4 & 5 - Sibling Preference** for a student who has a sibling residing at the same address who attends a magnet program at the same school and is eligible to return next school year. Siblings applying for the first time are not eligible to receive sibling preference. Siblings are defined as brother, sister, stepbrother, stepsister, half brother or half sister living at the same address.

**Priority 6 - Principal's Signature Preference** for students whose parent attends a tour or open house at the magnet school they are applying for and have the principal's signature indicating attendance. Schools will enter tour/open house attendance electronically through the Parent/Guardian Account.

**Priority 7 - No Principal's Signature Preference** for students who submit an application but have no signature indicating attendance at a tour or open house.

**Priority 8 - Not Eligible for the Program** (e.g., Montessori 1st grade and higher without an immediate full prior year of Montessori experience; Dual Language 2nd grade and higher without passing grade on language proficiency test; applying for a Gifted program and the student has not been staffed Gifted, etc.).

---

**ENTERING GRADES 7 AND 8 AT LAVILLA OR FORT CAROLINE MS**

Admission to 7th or 8th grade is limited to passing the audition with a high preference.

All magnet applications for LaVilla and Fort Caroline are processed through the lottery, including those who successfully audition. Seats are allocated according to choice and priority. This means that all first choices are considered first, according to the priorities, followed by all second choices until the seats are filled.

**Priority 6 - High Audition Preference** for students seeking advanced placement in 7th or 8th grade at LaVilla or Fort Caroline MS. Students who audition must still submit an online application.

**Priority 7 - Low Audition Preference** for students seeking advanced placement in 7th or 8th grade at LaVilla or Fort Caroline MS. Students who audition must still submit an online application.
Current 8th-grade magnet students must reapply!

All magnet applications for high school are processed through the lottery, including those who have program continuity. Seats are allocated according to choice and priority. This means that all first choices are considered first, according to the priorities, followed by all second choices until the seats are filled.

**Priority 1 - Neighborhood Preference** for students who live in the current attendance area of a non-dedicated magnet school.

**Priority 2 - Former Attendance Area Preference** for students who live in the former attendance area of a dedicated magnet.

**Priority 3 - Military Dependent Transition Preference** for a transitioning student who has a parent on active duty. (Students meet eligibility requirements when applicable, follow application procedures, reside in Duval County and in the household of the military-affiliated parent, and submit active-duty orders and emergency data record.) Please refer to School Board Policy 5.23 for complete details.

**Priority 4 - Program Continuity with Sibling Preference** for magnet students who are in a program that continues at the next school level and who also have a sibling attending the school who is eligible to return the next school year. Siblings are defined as brother, sister, stepbrother, stepsister, half brother or half sister living at the same address.

**Priority 5 - Program Continuity Preference** for magnet students who are in a program that continues at the next school level. Students eligible for program continuity to Paxon or Stanton must make these two schools their first and second choice in order to be assured continuity to one of the two schools. If you choose to make only one choice, continuity cannot be assured. Students who are eligible for program continuity to Paxon or Stanton but who want to select the 9th-grade program at Darnell-Cookman or Samuel Wolfson should make Darnell-Cookman or Samuel Wolfson their first choice with the understanding that assured continuity to Paxon or Stanton is forfeited.

**Priority 6 - Sibling Preference** for a student who has a sibling residing at the same address who attends a magnet program at the same school and is eligible to return next school year. Siblings applying for the first time are not eligible to receive sibling preference. Siblings are defined as brother, sister, stepbrother, stepsister, half brother or half sister living at the same address.

-OR-

**Priority 7 - Tiered Continuity Preference** for 8th grade Montessori magnet students applying for 9th grade at Stanton College Preparatory, Paxon School for Advanced Studies, Darnell-Cookman School of the Medical Arts, or Samuel Wolfson High School.

**Priority 8 - Principal’s Signature Preference** for students whose parent attends a tour or open house at the magnet school they are applying for and have the principal’s signature indicating attendance. Schools will enter tour/open house attendance electronically through the Parent/Guardian Account.

**Priority 9 - No Principal’s Signature Preference** for students who submit an application but have no signature indicating attendance at a tour or open house.

**Priority 10 - Not Eligible for the Program** (e.g., Montessori 1st grade and higher without an immediate full prior year of Montessori experience; Dual Language 2nd grade and higher without passing grade on language proficiency test; applying for a Gifted program and the student has not been staffed Gifted, etc.).
All magnet applications for high school are processed through the lottery. Seats are allocated according to choice and priority. This means that all first choices are considered first, according to the priorities, followed by all second choices until the seats are filled.

**Priority 1 - Neighborhood Preference** for students who live in the current attendance area of a non-dedicated magnet school.

**Priority 2 - Former Attendance Area Preference** for students who live in the former attendance area of a dedicated magnet.

**Priority 3 - Military Dependent Transition Preference** for a transitioning student who has a parent on active duty. (Students meet eligibility requirements when applicable, follow application procedures, reside in Duval County and in the household of the military-affiliated parent, and submit active-duty orders and emergency data record.) Please refer to School Board Policy 5.23 for complete details.

**Priority 4 & 5 - Sibling Preference** for a student who has a sibling residing at the same address who attends a magnet program at the same school and is eligible to return next school year. Siblings applying for the first time are not eligible to receive sibling preference. Siblings are defined as brother, sister, stepbrother, stepsister, half brother, half sister living at the same address.

**Priority 6 - Principal’s Signature Preference** for students whose parent attends a tour or open house at the magnet school they are applying for and have the principal’s signature indicating attendance. Schools will enter tour/open house attendance electronically through the Parent/Guardian Account.

**Priority 7 - No Principal’s Signature Preference** for students who submit an application but have no signature indicating attendance at a tour or open house.

**Priority 8 - Not Eligible for the Program** (i.e., does not have appropriate coursework or transcript).
PRIORITIES FOR SPECIAL TRANSFER OPTION SCHOOLS

ENTERING GRADERS K-12

*Current 5th- and 8th-grade special transfer option students must reapply!*

All Special Transfer Option applications are processed through the lottery. Seats are allocated according to availability and priority. Applications are processed based on priority until all open seats are filled.

**Priority 1 - Employee’s Child Preference** for students whose parent is employed in an eligible position at a Duval County Public School where the student is eligible to attend or attend the next closest appropriate DCPS school.

**Priority 2 - Military Dependent Transition Preference** for a transitioning student who has a parent on active duty. (Students meet eligibility requirements when applicable, follow application procedures, reside in Duval County and in the household of the military-affiliated parent, and submit active-duty orders and emergency data record.) Please refer to School Board Policy 5.23 for complete details.

**Priority 3 - Sibling Preference** for a student who has a sibling residing at the same address who attends the same school and is eligible to return next school year. Siblings applying for the first time are not eligible to receive sibling preference. Siblings are defined as brother, sister, stepbrother, stepsister, half brother or half sister living at the same address.

**Priority 4 - General Priority** for students whose parent submits an application without any of the above priorities.

GIFTED ELIGIBILITY

Students currently enrolled in Duval County Public Schools who want to apply to a magnet school as a gifted student must be identified in Focus with an active gifted status or meet all criteria for gifted eligibility prior to March 18, 2022. All other students are considered academically talented. Gifted eligibility may be reviewed by the EESS Department for students newly enrolling in the district (See FL Statute 6A-6.0334).
KNOW YOUR SCHOOL'S ACADEMIC PERFORMANCE STANDARDS - MIDDLE AND HIGH SCHOOL MAGNETS

Acceptance into most middle school magnet programs is not based on academic performance or other competitive criteria.

However, seven magnet middle schools (Darnell-Cookman School of the Medical Arts, Fort Caroline, James Weldon Johnson, Joseph Stilwell, Springfield, LaVilla School of the Arts, and Young Men's and Young Women's Leadership Academy) have academic performance standards that must be met for a student to remain the following school year. Other schools may have a school-student contract that must be honored for students to remain in good standing. Each magnet school is responsible for making this information available to the parents of students who attend that school. These standards are:

**Grades 6-7** - Pass all courses.
**Grades 7-8** - Maintain an overall unweighted 2.0 grade point average and pass all courses. In addition, students at LaVilla must earn a “C” or higher in each arts area.

Acceptance into a high school magnet program is not based on academic performance or other competitive criteria, except for Stanton College Preparatory, Paxon School for Advanced Studies, Samuel Wolfson, Darnell-Cookman School of the Medical Arts, and Riverside.

Seven magnet high schools (Darnell-Cookman School of the Medical Arts, Frank H. Peterson Academies of Technology, Paxon School for Advanced Studies, A. Philip Randolph Career Academies, Andrew Jackson, Samuel Wolfson, and Stanton College Preparatory) have academic performance standards which must be met in order for a student to remain the following year. Other schools may have a school-student “contract” that must be honored for students to remain in good standing. Each magnet school is responsible for making this information available to the parents of students who attend that school. These standards are:

**Grades 9-10** - Maintain an overall unweighted 2.0 grade point average, and pass all courses.
**Grades 10-11** - Maintain an overall unweighted 2.0 grade point average, and pass all courses.

**THESE SCHOOLS HAVE SPECIAL ADMISSION PROCEDURES**

Students with advanced training in the arts may be considered for admission to LaVilla and Fort Caroline MS through an audition. LaVilla and Fort Caroline will hold open auditions in January. Please contact the schools for specific dates and times. All students who audition MUST also submit an online application through the Parent/Guardian Account by the February 28 deadline in order to be considered for admission. All applicants for LaVilla and Fort Caroline MS, including successful auditions, are processed through the lottery.

A few schools and programs have admission procedures that vary somewhat from the overall magnet program procedures.

**Advanced International Certificate of Education (AICE):** Duncan Fletcher High School, Mandarin High School, and William M. Raines High School have AICE programs. Admission to these programs is determined by the High School Acceleration Program office. Deadlines and application procedures can be found at [www.duvalschools.org/acceleration](http://www.duvalschools.org/acceleration).

**Advanced Placement (AP) Capstone:** Baldwin Middle/High and Atlantic Coast High School have AP Capstone programs. Admission to these programs is determined by the High School Acceleration Program office. Deadlines and application procedures can be found at [www.duvalschools.org/acceleration](http://www.duvalschools.org/acceleration).

**Early College Program:** Andrew Jackson High School, Baldwin High School, Edward H. White High School, Englewood High School, First Coast High School, Jean Ribault High School, Riverside High School, Sandalwood High School, Terry Parker High School, Westside High School, and William M. Raines have Early College programs. Admission to these programs is determined by the High School Acceleration Programs Office. Deadlines and application procedures can be found at [www.duvalschools.org/acceleration](http://www.duvalschools.org/acceleration).

**International Baccalaureate (IB) Programme:** Paxon School for Advanced Studies, Samuel Wolfson High School, Stanton College Preparatory, and Terry Parker High School have IB programs. Admission to these programs is determined by the High School Acceleration Program office. Deadlines and application procedures can be found at [www.duvalschools.org/acceleration](http://www.duvalschools.org/acceleration).

**Douglas Anderson School of the Arts:** Consideration for admission to Douglas Anderson is obtained only through an audition. You cannot apply for this program through the online application on the Parent/Guardian Account. Auditions are scheduled at the school. Please see the school’s listing on Page 61 for additional information.
Duval County Public Schools VPK program takes applications for new students using a lottery system. To be eligible for consideration for the lottery for fall admissions, an online application must be completed between January 1– Feb. 28, 2022. Parents can select up to three VPK programs, in order of preference, that the student is eligible to attend.

A child is eligible to attend:

- **Title I** - A student whose home school is Title I can only attend a Title I VPK program.
- **Non-Title I** - A student whose home school is non-Title I can only attend a Non-Title I VPK program.

Please note that school bus transportation is not provided. For more information about VPK enrollment, contact (904) 630-6790, dcpsec@duvalschools.org, or visit www.duvalschools.org/earlychildhood

Parent will need to create a student ID and set up a Parent/Guardian Account to access the VPK application at www.duvalschools.org/focus. During the creation of your Parent/Guardian Account, you will be given the opportunity to connect your child to your account. If you have more than one child, you can add all of them during this process. You will receive directions in an email on how to complete the connection of your child(ren) to your account. This next step will require the parent-guardian to have a valid driver’s license or valid state-issued identification to complete the request.

Once you have registered for a Parent/Guardian Account and connected your children to the account, you will have access to the VPK, magnet, and special transfer option applications. Log into your account and apply for the school(s) of your choice. Please do not use the new student process for a student who already has a DCPS student ID. Remember, students in the following scenarios will already have a DCPS student ID:

- Students attending a DCPS charter school
- Students who have been enrolled in a DCPS school during any prior school year, even if they are not currently attending a DCPS school
- Students who have received special services via DCPS at some previous time (including pre-K, charter schools, Duval Virtual Instruction Academy, home school, McKay Scholarship, Family Empowerment Scholarship, Child Find, and Teen Parent Services)

Early Learning Department Location
John Love Early Learning Center
1531 Winthrop Street
Jacksonville, FL 32206
(904) 630-6790

To see a list of elementary schools that offer VPK programs, go to www.duvalschools.org/earlychildhood.
This chapter lists all schools in three sections: elementary, middle, and high schools. Each school listing includes contact information, website address, available programs, and transportation availability.

**Things to consider when selecting a school for your child:**
- Programs offered
- Transportation provided and distance to school

**Reminders**
- Your neighborhood school provides transportation if you live more than 1½ miles from the school. Find your neighborhood schools by going to [www.duvalschools.org/finder](http://www.duvalschools.org/finder).
- Transportation is provided for magnet elementary students who live within the transportation zone of the school.
- Transportation to special transfer option schools is provided by the parent or guardian.
Elementary schools are divided into **seven transportation zones**. Transportation is provided to any elementary student living in the same zone that their magnet school is located. In addition, some elementary magnet schools provide transportation to students living outside their zones. You will see these schools listed with the elementary zone maps. The distance to a bus stop can be up to 1 mile from the residence, or up to 1½ miles if the neighborhood school is used as a bus stop. Some elementary magnet students will transfer at a hub site (another school) and ride another bus to their magnet school. The afternoon services may be the reverse.

### Zone 1: Mandarin/Southside
Also served by:
- Richard L. Brown*
- Andrew Robinson*

- Bartram Springs
- Beauclerc*
- Crown Point*
- Englewood*
- Greenfield*
- Greenland Pines

Pinedale*  Ruth N. Upson*  Sadie Tillis*  Timucuan*
Venetia*  West Riverside*  Westview, K-8*
Magnet schools are listed in bold type. Schools marked with an asterisk (*) are Title I school.

One thing to keep in mind is that traveling a long distance to school is a balance of pluses and minuses. Students will have the advantage of attending a specialized program of their choice and of making new friends from all over the city. Of course, the length of the commute should be considered as well.

Bus stops and times are subject to change for the 2022-2023 school year. All families must register for a bus in their parent account. To be eligible for transportation, students must apply to a magnet school by the February 28, 2022, application deadline.

Once accepted, families may view current bus routes at www.duvalschools.org/bus. Families should follow the directions in their acceptance letter to register for a bus stop through the parent/guardian Focus account. The deadline is May 27, 2022. Stops will be added according to state and district guidelines. Parents/guardians will be able to log into their Focus account two weeks before school opens to find their bus stop information.

For more information regarding transportation, contact the Transportation Department at (904) 858-6200.

Theme: Medical Arts
One thing to keep in mind is that traveling a long distance to school is a balance of pluses and minuses. Students will have the advantages of attending a specialized program of their choice and make friends from all over the city. Of course, the length of the commute should be considered as well.

Middle schools are not divided into zones. Districtwide transportation is provided with a combination of neighborhood routes, shuttles, and Express Routes.* There are some differences in the transportation system that apply to specific schools.

In the morning, transportation is currently provided to students attending Darnell-Cookman, Springfield, Landon, LaVilla, James W. Johnson, Joseph Stilwell, Young Men’s Leadership Academy, and Young Women’s Leadership Academy on neighborhood buses to an area high school followed by shuttle service to the magnet school. Express Route* service is provided in the afternoon.

**Fort Caroline, Matthew Gilbert and Highlands** middle schools follow the magnet transportation model both morning and afternoon using Express Routes.*

**John E. Ford K-8** middle school students are transported according to the elementary zones for this school.

**Baldwin Middle/High** currently has limited transportation. A shuttle bus is provided to and from Baldwin Middle/High from Riverside High only. Parents are responsible for getting their students to and from Riverside High.

**Alfred duPont Middle** currently has limited transportation from the Mandarin, Twin Lakes, Southside, and Matthew Gilbert middle school attendance areas only.

**Southside Middle** has limited transportation from the Matthew Gilbert attendance area only.
Jean Ribault Middle has limited transportation from Arlington, Fletcher, Kernan, Landmark, and Twin Lakes middle school attendance areas only.

Mayport Middle utilizes the Coastal Transportation Plan to provide limited service via shuttle buses from Fletcher, Sandalwood, and Terry Parker high schools. Parents are responsible for getting their students to and from Fletcher, Sandalwood, and Terry Parker. Bus stop and times are subject to change for the 2022-2023 school year. To be eligible for transportation, students must apply to a magnet school by the February 28 application deadline. Once accepted, families may view current stops by visiting the Transportation website at www.duvalschools.org/bus. Families should follow the directions in their acceptance letter to register for a bus stop through the parent/guardian Focus account by May 27, 2022. Stops will be added according to state and district guidelines. Parents/guardians will be able to log into their Focus account two weeks before school opens to find their bus stop information.

For more information regarding transportation, please visit www.duvalschools.org/bus or call (904) 858-6200.

*Express Routes have limited bus stops and are located at or near a Duval County public school or other public location selected by the Transportation Department. The District distance-to-stop policy does not apply to Express Routes. Parents or guardians are responsible for transporting and supervising their children at the bus stop.*
FSCJ is Here...

☑ for your next chapter
☑ for your big ideas
☑ for YOU!

FSCJ offers:

• In-demand career certificates that can be completed in one year or less
• Two-year associate degrees where you can start a career or use your credits toward a bachelor’s degree
• Four-year bachelor’s degrees that can lead to a higher salary

Magnet Program

✔ Leadership and Single Gender Education Academy

Program continuity for magnet students to Darnell-Cookman SoMA, Riverside HS, Paxon School for Advanced Studies, Stanton College Preparatory School, and Samuel Wolfson HS. Program continuity to these five high schools requires students to have successfully completed Algebra 1 by the end of the 8th grade. Program continuity is also available to Frank H. Peterson Academies of Technology, Jean Ribault HS, Asa P. Randolph Career Academies, William M. Raines HS, and Andrew Jackson HS.

NOTE: Opt-in form required. Contact school for uniform requirements.
One thing to keep in mind is that traveling a long distance to school is a balance of pluses and minuses. Students will have the advantages of attending a specialized program of their choice and making friends from all over the city. Of course, the length of the commute should be considered as well.

High schools are not divided into zones. Districtwide transportation is provided with a combination of neighborhood routes, shuttles, and Express Routes.* There are some differences in the transportation system that apply to specific schools.

In the morning, transportation is currently provided to students attending Douglas Anderson, Darnell-Cookman, Andrew Jackson, Paxon, Frank H. Peterson, A. Philip Randolph, Stanton, and Samuel Wolfson on neighborhood buses to an area high school followed by shuttle service to the magnet school. Express Route* service is provided in the afternoon.

Riverside, Mandarin, Jean Ribault, William Raines and Edward H. White high schools follow the magnet transportation model both morning and afternoon using Express Routes.*

Baldwin Middle/High currently has limited transportation. A shuttle bus is provided to and from Baldwin Middle/High from Riverside High only. Parents are responsible for getting their students to and from Riverside High.

Bus stops and times are subject to change for the 2022-2023 school year. To be eligible for transportation, students must apply to a magnet school by the February 28 application deadline. Once accepted, families may view current stops by visiting the Transportation website at www.duvalschools.org/bus.

Families should follow the directions in their acceptance letter to register for a bus stop through the parent/guardian Focus account by May 27, 2022. Stops will be added according to state and district guidelines. Parents/guardians will be able to log into their Focus account two weeks before school opens to find their bus stop information. For more information regarding transportation, please visit www.duvalschools.org/bus or call (904) 858-6200.

* Express Routes have limited bus stops and are located at or near a Duval County Public School or other public location selected by the Transportation Department. The district distance-to-stop policy does not apply to Express Routes. Parents or guardians are responsible for transporting their children at the bus stop.

EXCEPTIONAL EDUCATION AND STUDENT SERVICES

Students who are eligible to receive Exceptional Student Education (ESE) services have equal opportunities to apply for participation in magnet or special transfer option programs. The individual student’s IEP team determines the specific educational needs of the student and how/where those needs can most appropriately be met. Based on the educational needs of each student, recommendations for support services may or may not be consistent with placement in a particular magnet or special transfer option program.

ESE SCHOOLS

**Alden Road Exceptional Student Center**
11780 Alden Road, Jacksonville, FL 32246
☎ (904) 565-2722

</table>
HIGH SCHOOL ACCELERATION PROGRAMS
SPECIAL ADMISSION PROCEDURES

A few magnet, choice, and special transfer option programs have admission procedures that differ from the normal process. Eighth-grade students meeting minimum eligibility requirements may apply for AICE, AP Capstone, Early College, and IB. Applicants must apply through the High School Acceleration Programs Office. Information for eligibility requirements may be found at www.duvalschools.org/acceleration.

The primary entry point for High School Acceleration Programs is 9th grade. Admission at 10th grade will be limited to school and program capacity. Applicants will be reviewed based on the student’s transcript, schedule, and the course progression for the program they are applying.

Schools Offering Acceleration Programs
- **Advanced International Certificate of Education (AICE):** Fletcher, Mandarin, and Raines high schools
- **Advanced Placement (AP) Capstone:** Atlantic Coast, First Coast, Jackson, Riverside, Ribault, Sandalwood, Edward White, and Westside high schools
- **International Baccalaureate (IB) Diploma Programme:** Terry Parker, Paxon, Stanton, and Wolfson high schools

Deadline to apply is **January 20, 2022.** For more information, go to www.duvalschools.org.

HIGH SCHOOL AND MIDDLE SCHOOL ARTS MAGNETS: SPECIAL ADMISSION PROCEDURES

**Douglas Anderson School of the Arts:** Consideration for admission is obtained only through an audition. The magnet programs office does not receive applications for this school. Contact the school for audition dates. Students who successfully audition and accept placement forfeit all other magnet or choice assignments.

**LaVilla School of the Arts and Fort Caroline Middle School:** Students with advanced training in the arts may be considered for admission to LaVilla and Fort Caroline Middle School through an audition. Contact the schools for audition dates. All students who audition MUST also submit an online magnet application by the February 28 deadline in order to be considered for admission. All applicants for LaVilla and Fort Caroline Middle School, including successful auditions, are processed through the lottery.
STEP THREE

APPLY

All magnet and special transfer option school applications for the 2022-2023 school year will be online and available through the Parent/Guardian Account.

**Parent/Guardian of student currently enrolled in DCPS public or charter school**

- Confirm that you have a Parent/Guardian Account that is linked to your student’s Focus account.
- OR
  - Create a Parent/Guardian Account (if applicable).
  - Link parent/guardian account to student account.

**Parent/Guardian of student previously enrolled in a DCPS public or charter school**

- Reach out to Office of School Choice to activate student account.
- Confirm and/or create parent/guardian account.
- Link parent/guardian account to student account (if applicable).

**Parent/Guardian of student new to DCPS**

- Register your child with DCPS to create a student account.
- Create a parent/guardian account.
- Link parent/guardian account to student account.

All students have equal access to the application process. Unfortunately, there are no guarantees. Admission is determined by a lottery that is based on the number of openings and the number of applications received for a school or program.

The lottery assumes the student will be promoted to the next grade level. Students who are retained prior to acceptance may not be able to be accommodated in the selected school/program.

DO YOU NEED TO APPLY?

**You will need to apply if:**

- Your student is entering school/program for the first time.
- Your child is seeking magnet program continuity for 6th- or 9th- grade.
- Your child has a special transfer option assignment as a 5th- or 8th- grade student.
- You are a VPK family who would like to remain at your current school of enrollment.

**Then**

- You need to apply during the on-time application window prior to Monday, February 28, 2022, at 11:59 p.m.

**You DO NOT need to apply if:**

- If your kindergarten through 4th, 6th through 7th or 9th through 12th grade student is assigned to a magnet or special transfer option school and would like to remain in the same school for 2022-2023

**Important Notice:** If a student decides to apply for a different school or program than they are currently attending, the application process will cancel the current assignment for the 2022-2023 school year. If the student is not placed in the new program or school, he/she/they will not be able to return to the former program or school unless openings remain after the lottery.
Families will have access to two applications in Focus, a magnet school/program and a special transfer option application. The online application allows one to make up to two magnet choices and only one special transfer option choice. Parents are strongly encouraged to apply for only those schools the child is truly interested in attending. Page 21 outlines the lottery process. Students sometimes are placed at their second-choice magnet school or their choice for special transfer option school. Students who decline to accept their placement will only be able to reapply for another program by submitting a late application and will not appear on the wait-list for other choices. Many schools/programs reach capacity with first choice applicants. Using your magnet program continuity for a second choice may not help you get into that school.

<th>Know Your Priorities</th>
</tr>
</thead>
</table>
| Magnet               | • Attend a school tour or open house during the recruitment period.  
| | • Schools electronically enter tour attendance information in Focus after the on-time application window closes. |

*Remember, you must apply by the deadline of Monday, February 28, 2022, for any priority to be honored. Placement is not guaranteed with any priority.*
Florida Statute 1003.05 – Assistance in Transitioning Students from Military Families recognizes that school-aged dependents of military personnel often face numerous transitions during their formative years. The legislation provides that dependent children of active-duty military who otherwise meet the eligibility criteria for special academic programs shall be given first preference for admission to such programs even if the program is being offered through a public school other than the school to which the student would normally be assigned. Special programs include magnet schools, advance studies, Advanced Placement, dual enrollment, AICE, and IB.

To qualify, the parent MUST be active duty in the state of Florida and have transitioned to Jacksonville within the year. In addition to completing the online application, students wishing to exercise the military priority MUST also complete the Military Transfer Option in the 2022–2023 Magnet or Student Transfer Application and submit the required documentation. Military priority does NOT guarantee placement.

Students who use the military priority when applying for a program/school and who apply by the Monday, February 28, 2022, deadline may make up to two magnet choices and one special transfer option choice. Each qualifying choice will have a military priority.

Students who use the military preference to apply for a magnet program or special transfer option school after the deadline are assigned to the program if there is seat availability. If there is no seat availability, the military dependent will be placed at the top of the existing waitlist for the school or program and placed if and when an opening becomes available.

Florida statute 1000.36, Interstate Compact on Education Opportunity for Military Children, provides guidance to school districts on how to remove barriers to education success imposed on dependent children of military families due to frequent moves and deployment of their parents.

Duval County School Board Policy 5.23 “Transfer Policy for Dependent Children of Transitioning Military Personnel” describes how Duval County Public Schools applies the two aforementioned Florida statutes.

OUT-OF-COUNTY STUDENTS

Students not residing in Duval County during any application window will submit a paper application during the application period. Applications are date and time stamped. They will be processed once the on-time DCPS applications have been processed. Out-of-county applications will be available on the School Choice website, www.duvalschools.org/schoolchoice. Applications for students who are moving to Duval County and have a residential address within Duval County should provide two documents that verify residence before Monday, February 28, 2022, to be included in the on-time application.

PRIVATE SCHOOL STUDENTS

Families who currently reside in Duval County should apply online after registering your child in Focus and creating a Parent/Guardian Account that is linked to the student’s account. Please refer to page 8 for additional information.

FREQUENTLY ASKED QUESTIONS

Please visit our website for updated answers to all of your questions.
www.duvalschools.org/schoolchoice
STEP FOUR

THE LOTTERY

After Monday, February 28, applications will be processed and prepared for the lottery. The lottery is a computer program that randomly selects students based on the priority of each chosen school/program and projected grade level.

There is a predetermined number of “open” seats available for each school/program in each grade level. The computerized program selects students based on the order of choice and priority of the chosen school/program. This is why it is so important to carefully make your choices. Many popular programs are full with students who have made that program their first choice. Often, there are not seats remaining by the time the computer program begins the lottery for second choices. This applies even if you have program continuity (magnet) or sibling preference (magnet and special transfer option).

The lottery will process magnet choices first. If a student is placed into one of their magnet choices, the lottery will not process the special transfer option choice, if one was made. Should a student not be placed into any of their magnet choices, the student will be placed on a magnet waitlist for those choices. The lottery will then process the special transfer option choice, if one was made. If accepted into their special transfer option choice, the student will remain on the magnet waitlist(s). If the student is not placed in their special transfer option choice, they will be placed on a special transfer option waitlist while keeping his/her/their place on any magnet waitlist. There are no guarantees. Admission is determined by a lottery that is based on the number of seats available and the number of applications received for a school or program.

NOTIFICATION

Results of the lottery will be sent electronically as soon as they are available, usually in the middle of April. Your notification will include whether the student has been placed and, if so, into which school and program or whether the student has been placed on a waitlist.

Parents/guardians will electronically receive notification of the magnet lottery results. Only parents/guardians who made a special transfer option choice AND whose child was not placed into one of their magnet choices will receive an additional electronic notification regarding their special transfer option choice. Parents/guardians who only made a special transfer option choice will electronically receive notification of the special transfer option lottery results.

Parents may cancel a magnet or special transfer option assignment during the summer by sending an email to school_choice@duvalschools.org or in person at the Office of School Choice. You will be asked to provide a reason for the cancellation.

THE WAITLIST

Students who are not placed as a result of the lottery are on a wait list. For those students, there is still a good chance of being placed in their school of choice if an opening becomes available during the summer. Waitlist and student assignment information can be found by logging into your Parent/Guardian Account. Students who are placed into one of their choice magnet schools do NOT appear on the waitlist for any other school/program.

Students who are accepted into one of their magnet requests do NOT appear on a waitlist for any other school/program.

TRANSPORTATION

If the student is placed in a magnet program, the electronic notification will include information about transportation. We encourage parents/guardians to read the transportation guidelines carefully prior to completing an application.

CONFIRMING PLACEMENT

When the school year begins, students placed in either a magnet or special transfer option school must report to their school by at least the third day of class, August 17, 2022. If magnet and special transfer option students do not arrive by the end of the third day, their assignments will be cancelled.

School starts on August 15, 2022.
EXIT PROCEDURES

Once a student enrolls in a magnet or special transfer option school, the student should remain through the highest grade level of that school, unless the school has academic performance standards that are not met. Transfers to other magnet or special transfer option schools during the school year are not possible. The Request to Return to Attendance Area School form can only be processed by the School Choice Office with approval of both principals involved, as well as the regional superintendent. Parents will be notified within 10 days after the request is received. The Request to Return to Attendance Area School form will be posted on the School Choice website.

LATE APPLICATIONS

We strongly encourage all interested families to apply between January 1–February 28, 2022. Please visit our website (www.duvalschools.org/schoolchoice) for additional information about the late application window.
