Instructions for using the Florida Course Code Directory

1) Access the current school year directory at the following website: http://www.fldoe.org/policy/articulation/ccd/
2) View the Certification Codes in Section 1: Narrative Section (Page 53-54)
3) Back out to view Sections 3, 4, or 5 on the home page for courses for your grade level, ESE, or CTE courses.
4) Enter your 7-digit course number in the “Find” box in the upper right corner of the page and press “Enter” (course number 5010045 is used on this screen shot as an example).
5) View the appropriate certification for the course to the right. In the example below, the appropriate certifications to teach 4th grade language arts are Elementary 1-6, Elementary K-6, and Elementary English. The "@" symbol in front of Elementary 1-6 and Elementary English indicates these ARE certifications that are appropriate if shown on a current Florida teaching certificate, but no longer exist as certifications one could obtain as a new subject today because they have been repealed. Only the Elementary K-6 can be obtained today if the teacher is out of field for that course.

6) That’s it! If you have any questions concerning appropriate certifications or the directory, please contact the Certification Office at 390-2376.
