# BUDGET SERVICES DUVAL COUNTY PUBLIC SCHOOLS

JACKSONVILLE, FLORIDA

**Duval County Public Schools** 

Every School. Every Classroom. Every Student. Every Day.

#### Florida Statutes, require that:

...Each district school board shall utilize its systems of planning and budgeting to emphasize a system of school-based management in which individual school centers become the principal planning units and eventually to integrate planning and budgeting at the school level.

...Each School Advisory Council shall assist in the preparation and evaluation of the School Improvement Plan and in the preparation of the school's annual budget.

In general, the process of allocating resources to schools based on the Weighted Full Time Equivalent (WFTE) count with supplements has not changed from prior years. The objective of the District is to provide a system of planning and budgeting which is meaningful, useful, and understandable to all concerned.

It will be the principal's responsibility to submit an accurate budget that reflects sufficient funds to cover all the average salaries and employee benefits for the personnel allocated. School Principals must align their school budget with their School's Improvement Plan.

Upon receipt of the approved budget, all principals are expected to maintain a balanced budget. It will be the responsibility of the principal to be fiscally responsible for all budget accounts, including salaries, and request appropriate transfers as necessary.

#### **DEVELOPING YOUR PROJECTED OPERATING BUDGET**

This document is divided into five sections: (1) School Allocations, (2) Appropriation Guidelines, (3) Average Salaries, (4) Commitment Items (Function/Object Description), and (5) Certification of Shared Decision Making Committee form.

Spring Budgets are completed on the **SAP Budget Prep System (SAP transaction ZSBPS)** using **Year: 2020, Survey: 006** (Spring [planning] Budget for school year 2019-2020). Allocation information for Fall Count will be in survey 7.

#### **SHARED DECISION MAKING (SDM)**

The Collective Bargaining Agreement states "the Employer and DTU jointly support the process of Shared Governance and the employee's right to participate in this process." During the budget process it is important to have meaningful input in setting the school's budget priorities. The SDM process for input into priorities should involve the following phases:

- 1. A presentation and explanation of the school's budgetary projections and the budget process; and
- 2. A time for staff to work through various scenarios and to prioritize options; and
- 3. A recommendation to the Principal setting out the prioritized options.

Please remember that the ultimate decision is always with the principal, but the SDM's recommendations should be considered.

In addition, a session with staff after the budget meeting to explain what happened and why certain options were not viable is always helpful.

A copy of the Shared Decision Making Form is located at the end of this document and should be completed and kept on file at the school. The signed form must be available upon request.

#### **EXPLANATIONS OF SUPPLEMENTS AND ADDITIONAL FUNDS**

#### Supplements

Supplements are based on a school's Full Time Equivalent (FTE) and Weighted Full Time Equivalent (WFTE). Please see the school's staff allocation **formula** sheets.

#### 1. EXCEPTIONAL STUDENT EDUCATION

The ESE Department provides a list of Varying Exceptionalities (VE) Resource/Inclusion positions and self-contained classes to be maintained at your school. The recommendations are based on February 8, 2019 student enrollment, student exceptionalities, and ESE allocations.

In response to principal feedback regarding the ESE allocation model, the following changes have been implemented: See page 9-11 for details.

- Improved transparency regarding the number of students needed for an additional elementary VE teacher and the procedure for requesting the position. The ESE Budget Guidelines Addendum identifies the specific number of students per VE teacher(s) and includes the procedure for requesting an additional position
- Potential additions and/or reductions in ESE positions will take into consideration enrollment trend data
- VE teacher ratio has been adjusted for schools with fewer VE students
- Students on Access Points Standards in inclusion settings will be weighted (x2) for the VE teacher allocation to assure direct services are provided in all core academic courses
- Specific allocation guidelines have been established for ESE self-contained programs which identify the criteria for when an additional paraprofessional and/or teacher will be added
- Requests for additional personnel will come from the principal to the Executive Director of Exceptional Education and Student Services (EESS) for verification
- 2. **UTILITIES** Utilities are budgeted for your school through the district.

This is a process where a PCF will be entered by the Budget Department to add a position(s) as a result of an unexpected increase in FTE above the spring projection. By adding the position as a loan to fall count the school will have a vacant position in the org structure wherein a substitute teacher can be called in. This process will take 2-3 days to complete once approved. Once fall count is completed, FTE will be reviewed as in prior years. If the school's actual FTE has increased above the projection, the position will be converted to a permanent position allowing the school to staff. If the school's actual FTE in the Fall is not above the projection, the position will be deleted. The request for a loan to fall count must be approved by the Regional Superintendent and Chief of Schools.
- 5. **FUND 10008 SCHOOL IMPROVEMENT** Funds if available will be provided for school improvement when received from the State. The amount per FTE will be determined when the distribution from the state is received in early January. #### 1. FUND 48851 - TITLE I, PART A - Improving Basic Programs - Title I School-wide Funds

Title I School-wide Project funds are provided to schools based on the percentage of Children from Low Income Families (CLIF). According to Section 1114 of the Elementary and Secondary Education Act of 1965 as amended by the Every Student Succeeds Act (ESSA) the use of Title I funds must be aligned with the Title I School-wide Plan and the comprehensive needs assessment process. This means that ALL items included in the Title I budget must be reflected in the Title I School-wide Plan. Schools must also maintain documentation supporting the use of funds for internal and external monitoring and auditing purposes. All Title I expenditures, including positions, are supplemental to state and local funds including school operating budgets. The Title I department implements a Title I budget approval process for the use of grant funding. After the preliminary budgeting period, requested activities are presented to the FDOE for approval. If items are not approved, principals must reallocate funds. Principals are responsible for assuring that their schools are in full compliance with the requirements associated with the grant project. Principals are responsible for meeting grant project deadlines and maintaining documentation for compliance. Justification and approval are needed for amendments to previously approved Title I budget templates within amendment periods. The Local Education Agency (LEA) amendment periods are September, November and January. Title I funds must be used during the fiscal year they are appropriated and funds must be fully expended according to project deadlines. If the use of funds are not in compliance with federal, state, local guidelines and compliance requirements, another funding source must be used to cover expenses. To support Title I schools with spending, schools will receive Title I guidelines and a Title I budget template.

#### 2. FUND 48850 - TITLE I, PART A - Improving Basic Programs - Title I District-wide Funds

Title I, Part A, District-Wide - This fund supports Title I District initiatives for Title I schools. These initiatives are data driven and focus on identified students based on criteria and a comprehensive needs assessment process. #### 3. FUND 48849 - TITLE I, PART A - Improving Basic Programs - Title I Parent and Family Engagement

According to Section 1116 of the Elementary and Secondary Education Act of 1965 as amended by the Every Student Succeeds Act (ESSA), every Title I school is required to implement Parent and Family Engagement activities and the Local Education Agency (LEA) must reserve a minimum of 1 percent of its allocation for such activities as described in its Parent and Family Engagement Plan (PFEP). Principals will be required to have a completed and compliant Parent and Family Engagement Plan (PFEP) for the start of the school year. Parent and Family Engagement activities must be developed with the input of stakeholders and parent and family members during a Title I Developmental Meeting.

#### **EXCEPTIONAL STUDENT EDUCATION**

The ESE Department provides a list of Varying Exceptionalities (VE) Resource/Inclusion positions and self-contained classes to be maintained at your school. The recommendations are based on February 9, 2018 student enrollment and allocation model. As part of the fall budget adjustment process, the staffing will be reviewed for potential additions and/or reductions taking into consideration enrollment trend data.

a. Elementary VE Allocation Model (19:1 roll to an additional teacher at .5) - The table below identifies the number of VE teachers per students. The ratio has been adjusted for schools with fewer VE students. Additionally, students on Access Points Standards in an inclusion setting will be weighted (x2) for the VE teacher allocation. The students on Access Points Standards will be identified via 2019-20 student course schedule.

Elementary VE	Number of VE		
Teachers	Students		
1	1-22		
2	23-47		
3	48-66		
4	67-85		
5	86-104		
6	105-123		
7	124-142		
8	143-161		
9	162-180		
10	181-199		
11	200-218		

If the number of VE students increases after the fall budget process, schools may request an additional VE teaching position using the identified ratios. The request should come from the principal to the Executive Director of Exceptional Education and Student Services (EESS) for verification.

#### b. Secondary VE Allocation Model

- 1) Middle School ratio 23:1 roll to an additional teacher at .5
- 2) High School ratio 26:1 roll to an additional teacher at .5

Students on Access Points Standards in an inclusion setting will be weighted (x2) for the VE teacher allocation and will be identified via 2019-20 student course schedule. Following the secondary VE allocation model, requests for an additional VE teacher should come from the principal to the Executive Director of Exceptional Education and Student Services (EESS) for verification.

**c. ESE Self-Contained Programs-** The self-contained allocation models are setting specific and roll to an additional teacher at .5. The tables below identify the teacher/paraprofessional to student ratio and when additional personnel may be requested.
