

Annual School BUDGET GUIDELINES

2013-2014

BUDGET SERVICES **DUVAL COUNTY PUBLIC SCHOOLS**JACKSONVILLE, FLORIDA

Florida Statutes, require that:

...Each district school board shall utilize its systems of planning and budgeting to emphasize a system of school-based management in which individual school centers become the principal planning units and eventually to integrate planning and budgeting at the school level.

...Each School Advisory Council shall assist in the preparation and evaluation of the School Improvement Plan and also in the preparation of the school's annual budget.

In general, the process of allocating resources to schools based on the WFTE count with supplements has not changed from prior years. The objective of the Superintendent, which is illustrated by this document, is to provide a system of planning and budgeting which is meaningful, useful, and understandable to all concerned.

It will be the principal's responsibility to submit an accurate budget that reflects sufficient funds to cover all the average salaries and employee benefits for the personnel allocated. **School Principals must align their school budget with their School's Improvement Plan.**

Upon receipt of the approved budget, all principals are expected to maintain a balanced budget. It will be the responsibility of the principal to be fiscally responsible for all budget accounts, including salaries, and request appropriate transfers on the budget transfer screens.

DEVELOPING YOUR PROJECTED OPERATING BUDGET

This document is divided into five sections: (1) School Allocations, (2) Appropriation Guidelines, (3) Average Salaries, (4) Commitment Items (Function/Object Description), and (5) Certification of Shared Decision Making Committee form.

Spring Budgets are completed on the **SAP Budget Prep System (BPS)** using **Year: 2014, Survey: 6** (Spring [planning] Budget for school year 2013-2014) survey 66 for revised spring budget, and allocation information for Fall Count in survey 7.

SHARED DECISION MAKING (SDM)

The Collective Bargaining Agreement states "the Employer and DTU jointly support the process of Shared Governance and the employee's right to participate in this process." During the budget process it is important to have meaningful input in setting the school's budget priorities. The SDM process for input into priorities should involve the following phases:

- 1. A presentation and explanation of the school's budgetary projections and the budget process; and
- 2. A time for staff to work through various scenarios and to prioritize options; and
- 3. A recommendation to the Principal setting out the prioritized options.

Please remember that the ultimate decision is always with the principal, but the SDM's recommendations should be seriously considered.

In addition, a session with staff after the budget meeting to explain what happened and why certain options were not viable is always helpful.

A copy of the Shared Decision Making Form is located at the end of this document and should be completed and returned to Budget before your scheduled Budget Conference.

EXPLANATIONS OF SUPPLEMENTS AND ADDITIONAL FUNDS

SUPPLEMENTS

Supplements are based on a school's FTE and WFTE. Please see the schools staff allocation **formula** sheets.

EXCEPTIONAL STUDENT EDUCATION

The EE/SS Department provides a list of Varying Exceptionalities (VE) Resource/Inclusion positions and self-contained classes to be maintained at your school. The recommendations are based on current information available from the Exceptional Student Program List generated via Genesis.

As part of the fall budget adjustment process, the staffing of self-contained classrooms (teachers and paraprofessionals) will be reviewed for potential additions and/or reductions.

a. Occupational Therapy, Physical Therapy, Vision Itinerant, and Hearing Itinerant:

1) Funding for these services will be budgeted for your school by the District.

STAR

The STAR program is an elementary dropout prevention program currently implemented at select elementary school sites. The goal of the program is to provide diagnostic prescriptive instruction in a small group setting. STAR is designed for students who are two or more years overage and who have underperformed on FCAT. STAR provides the opportunity for students to earn a double promotion to return these at-risk students to their Kindergarten cohort. To accomplish these goals, the STAR model is two classroom teachers and two paraprofessionals (one for a $2^{nd}/3^{rd}$ grade combination class & one for a $4^{th}/5^{th}$ grade combination class) with 18 students in each class.

UTILITIES

Utilities are budgeted for your school through the district.

OTHER OPERATING FUNDS

FUND 10008 - SCHOOL IMPROVEMENT

Funds will be provided for school improvement when received from the State. The amount per FTE will be determined when the distribution from the state is received in early January. Any monies received are to be spent according to the School Improvement Plan and as voted by the school's SAC committee.

FUND 11104 - SAI-MAGNET

Magnet funds are allocated on a per FTE amount. Funds are to be used to enhance the schools program.

FUND 10209 - AMENDMENT IX -CLASS SIZE

Schools must meet class size requirements for core subject classes. Class size must be met at the classroom for the following levels: 18 = PK-3, 22 = 4-8. Self-contained ESE teachers are to be included when calculating your class sizes.

FUND 10390 – VOLUNTARY PRE-KINDERGARTEN

Pre-K staffing positions are supplemental for Pre-K classrooms.

FEDERAL FUNDS

Federal funds are provided to schools for each participating program on the allocation screen. These funds must be budgeted and balanced prior to budget screens closing for input.

Federal funds must be used to provide services above and beyond the level of services that would be provided by State and Local funds.

FUND 41254 – RACE TO THE TOP ARRA

Targeted schools will be provided funding for STEM related activities (e.g., science fair, robotics competition, etc.), professional development related substitute reimbursement, mentor stipends and a portion of a predetermined number of Pre-K program teachers and paraprofessionals.

FUND 48460 – TITLE I PART A – Improving the Academic Achievement of the Disadvantaged Title I School wide Project funds are provided to schools based on poverty level (percentage of students eligible for free or reduced-price lunch). All budgeting of Title I funds must be aligned with the School Improvement Plan (SIP). Documentation supporting Title I expenditures is required for auditing purposes. All Title I expenditures are supplemental to school Operating Budgets. Title I funds must be fully expended prior to the end of 2013-2014 school year.

FUND 48491 Title I Part A - Improving the Academic Achievement of the Disadvantaged

This fund supports Title I District initiatives for Title I schools. These initiatives are data driven and focus on identified students within each sub group.

Eligible Title I schools' Pre-Kindergarten allocations will be included in *fund 48461* for the 2013-14 School Year.

 Pre-Kindergarten add-ons in eligible Title I schools support approved Pre-Kindergarten initiatives.

The Title 1 funding allocation for Pre-K staffing positions is supplemental for Pre-K classrooms in Title 1 schools.

Title 1 provides funding for a proportionate share of Teaching, Instructional Paraprofessional and Child Development Associate (CDA) positions. Paraprofessional positions should only provide instructional support in Title 1 Pre-K classrooms, i.e. no cafeteria duties.

FUND 48464 IDEIA - Individuals with Disabilities Education Improvement Act

"IDEIA federal funds allocated to provide school-based support to students with disabilities (i.e., ASD and Day Treatment Site Coaches, Student-Focused and Classroom paraprofessionals, Load Positions), must be dedicated solely to support the needs for which the positions were established."

IDEIA federal funds cannot be used to support gifted programs.

If you have questions regarding IDEIA federally funded positions, please contact your EE/SS Support Team Administrator. Any corrections to allocations **must** be made prior to your budget appointment.

APPROPRIATION GUIDELINES

Shared Decision Making Committees cannot make decisions that would put the school in violation of SACS guidelines or Class Size Amendment. Schools must balance to the funds provided as indicated on the Allocation screens in BudPrep.

1. PERSONNEL

FOR SPRING:

1) All personnel must be budgeted on the Personnel (personnel worksheet) in BudPrep. A position that is marked as "S" (surplus) or "E" (error) will not be staffed at your school for the next fiscal year. Positions and personnel not budgeted on the personnel screen will not be maintained at the school for the next fiscal year.

FOR FALL:

- 1) PCF's and budget transfers are completed to make changes in SAP
- 2) If enrollment is higher than projected and additional teachers are required after students start classes, a PCF should be submitted to add the required classroom teacher (this will be considered a loan until fall count).
- a. Positions must be budgeted as to the actual job being performed.

b. Paraprofessionals

Instructional paraprofessionals are allocated based on staff allocation.

Any school that has 15 ESOL students who speak the same home language must budget and ESOL paraprofessional who speaks that language.

c. Substitutes (Object 313)

Substitutes will be budgeted based on an amount per teacher; the amount for substitutes is shown on the supplement screen. Hiring a substitute requires a vacancy or **instructional** absence; i.e., a vacancy **must** exist or a TDE or leave form should be on file for the instructional person before a substitute is requested.

Pool Substitutes (Object 313)

Each school was given an allocation for a full time substitute to be used in an instructional capacity at the school.

Substitutes may be hired to fill positions created as "loans to fall count" until after placement of personnel.

Substitutes may be used for the following paraprofessional positions: A522 – Student Focused paraprofessionals, A523 – Autism Spectrum Disorder paraprofessionals, and A524 – Physically Impaired paraprofessionals.

d. Part-Time Employees

All part time positions will be eliminated 6/30/2013 unless they are activated for 2014.

Benefits are calculated at 15.8% for part time and 3.5% for temporaries in object 200.

1) **Object 1X8** Part Time Personnel

Part-time non-teaching positions can be hired for five (5) hours or less per day and more than six months. Part-time teaching positions can only be hired for less than a full contractual teaching load which is five periods per day. Part time positions should be budgeted in the appropriate commitment item. Benefits are calculated at 15.8% in object 200.

2) **Object 758** Temporary Personnel

Temporary positions are positions that will not exist beyond six consecutive calendar months. Benefits are automatically calculated at **3.5%** in object 200.

2. EMPLOYEE BENEFITS

Positions created after September 16, 2013 will use the following benefit rate **35.7%** for full time positions, **15.8%** for part time positions and **3.5%** for temporary positions

The total salaries in objects 110, 120, 130, 150 and 160 are automatically multiplied by **35.7%** in object 200. Object 1X8 salaries are automatically multiplied by **15.8%** in object 200. Object 758 salaries are automatically multiplied by **3.5%** in object 200.

All federally funded paraprofessionals' benefits are budgeted at 65.3% in object 200.

3. CUSTODIAL COSTS

Custodial costs will be budgeted for your school by the District. Custodial supplies must be budgeted at the school level in 79510.

4. OTHER BUDGETED ITEMS

- a. Work-related travel for designated personnel should be based on fifty six and one half cents (\$0.565) per mile (rate effective July 1, 2013).
- b. Travel should be budged to the appropriate commitment item. Budget Prep allows Schools to establish budget for all budgeting objects.
 - 331 is for In county
 - 332 is for Out of county
 - 333 is for Out of State
 - 334 are for Registration for conferences in county and/or out of county.

Please break out travel expenses from dues and fees. (Individual memberships cannot be paid from District funds.)

- c. The Minimum Recommended Screen provides guidelines for a school to budget in fund 10000. Some items have been mentioned previously. Other budgeted items may include:
 - 1. Yearly charges for pagers must be budgeted in 73390.
 - 2. Yearly charges for telephone (79370), utilities (79380), and energy (79400) will be budgeted for your school.
 - 3. Schools involved in a three- or five-year payback to the district for the Master Finance Program (MFP) must budget the amount of next year's payment in 92710 and 92720.

d. Budget Recommendations for supplies and equipment are as follows:

Description	Commitment Item	Recommended Minimum per FTE
Teaching Supplies	51510	\$19 *04
	52510	\$24
Equipment	51640	\$10
	52640	\$10
Media Supplies	62510	\$2
Periodicals	62530	\$1
Library Books	62610	\$3
A.V. Materials	62620	\$3
Office Supplies	73510	\$3
Custodial Supplies	79510	\$5

^{*}Supplies: When purchasing **classroom** supplies, be sure to code the storeroom order to the appropriate function for classrooms 5100 and/or 5200.

Accounts will be reviewed to ensure that appropriate amounts are budgeted in all areas.

e. Postage is budgeted in object 370. Media periodicals are budgeted in commitment item 62530; all other periodicals are budgeted in object 510.
