

Free medications—now including amlodipine!

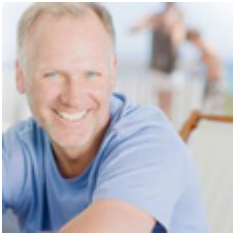

At Publix, we're always looking for ways to make your life easier—and that includes helping you manage healthcare costs. That's why we offer a variety of some of the most-often prescribed medications absolutely **free—for as long as your doctor prescribes.**

It doesn't matter who your prescription insurance provider is, or how many prescriptions you need filled. There's no limit to the number of refills; there are no forms to fill out. Just drop your qualifying prescription off at your neighborhood Publix Pharmacy and get the generic medication you need—free. Bet you're feeling better already.

Now! FREE amlodipine

This calcium channel blocker is used to treat high blood pressure and chest pain (angina). Thirty-day supply at a time. (Up to 60 2.5-mg or 5-mg tablets, or 30 10-mg tablets. Amlodipine combination products excluded.)

FREE lisinopril

An ACE inhibitor, lisinopril is used to prevent, treat, or improve symptoms of high blood pressure, certain heart conditions, diabetes, and certain chronic kidney conditions. Thirty-day supply (up to 60 tablets) at a time. Lisinopril-HCTZ combination products excluded.

FREE antibiotics

Get up to a 14-day supply of the following generic oral antibiotics free:

- Amoxicillin
- Ampicillin
- Sulfamethoxazole/Trimethoprim (SMZ-TMP)
- Ciprofloxacin (excluding Ciprofloxacin XR)
- Penicillin VK

FREE metformin

As part of our Publix Pharmacy Diabetes Management System, you can get generic immediate-release metformin FREE. Thirty-day supply at a time (up to 120 500-mg tablets, or 90 850-mg or 1000-mg tablets).
