Welcome to **Third Grade** at Southside Estates Elementary School! 😊

The third grade teachers would like to take this opportunity to welcome you and your child to third grade! Third grade is a major milestone in your child's education. This year will be quite different from the previous years' your child has completed in elementary school. This is a year of important transitions, as well as one in which acquisition of new skills is accelerated.

As third grade teachers, we will strive to provide our students with the best learning environment to discover themselves as individual and independent learners. We will help enhance their personal responsibility and accountability as well as develop more skills in computer learning programs, teamwork, and character building all while participating in meaningful classroom lessons driven by rigor and data with high expectations. The third grade teachers will be focusing on student responsibility and organization throughout the year.

Students will be expected to organize a student planner for home learning. It will be your responsibility as a parent to check ClassDojo daily as this will be our primary means of communication between parents, teachers, and students. It is our goal to keep you as informed as possible throughout the upcoming school year through the Parent Portal on Focus, the ClassDojo app, and meeting with you for parent/teacher conferences. Your support is important to the success of your child in meeting the expectations as well.

Increasing each child's self-esteem and building a secure foundation for future growth will always remain a priority in third grade. Celebrate your child's success, no matter how small it may seem. This will keep your child enthusiastic about learning and proud of their work. Your support is important to the success of your child in meeting expectations as well.

We are confident that this will be an amazing year where we all will be **SWIMMING INTO SUCCESS!!** We are very excited to help your child grow as a learner and a responsible citizen to society. We can't wait to see what exciting experiences this year holds for us! We are looking forward to getting to know you and your family.

All the best,
The Third Grade Teachers
