

SAC Meeting Notes

Tuesday, December 17, 2019

Meeting was called to order by Mrs. DeNose

New Business:

Ideas for Parent Leadership How we can get more parents involved

4 Step Turn around Process for Results

Principal Gaston discussed the 4 step turn around process which also projected our school grade for this upcoming school year. We need to gain 13 points to increase our score from a B to an A for the 2019-2020 School Year.

There was MAJOR discussion about this topic. Parent members were concerned about programs being used, continuity for Math and Science especially 4th and 5th grade whose grades are being used for middle school placement. It was stated that there is a HUGE gap for Science in K-4.

Extra-Curricular Activates for January

Jan. 11th School Choice Expo Prime Osborne Center
